# Exhaust Notes

**AUSTIN-HEALEY CLUB OF NEW ENGLAND**

## STATE OF THE PRESIDENT

Plans for Summit 2023 are shaping up nicely. We will be gathering in historic, picturesque Mystic Connecticut a little under two months from now. If you have not already done so, please register soon. For a full list of events, activities and registration material please go to the club website at: [www.ahca-newengland.org](http://www.ahca-newengland.org).

This would also be a good time to build or dust off your valve cover racer, as we expect to have spirited competition on the downhill track at Summit. First time racers are encouraged. Valve cover racing, rules and regulations can be found on our [website](#). VCR's are easy to build and they are a safe and economical way to engage your competitive spirit and earn bragging rights. No helmets, roll bars or fire suppression equipment is required. Prior VCR events have been known to involve adult beverages where the rule is "everything in moderation, including moderation."

I want to give a shout out to Ken and Nancy Gypson for hosting a great June gathering at their beautiful 18th century farm in Poestenkill, NY. Ken has a long history with collectable cars and vintage racing. Rainy weather did not dampen the spirits of the ten club members who enjoyed coffee and delicious fruit and pastries provided by Ken and Nancy. Guests spent several hours touring the 1770's farm buildings that house an eclectic assortment of cars collected by Ken and his father including classic open wheel dirt track cars and 50's era stock cars. Highlights for me included an unrestored 1927 Franklin Boatail Roadster, which is registered and driven by Ken, and a Healey hundred which is being restored. Ken is currently serving as our Wing 7 coordinator. Participants were encouraged to come rain or shine and to come in BJ9's if not comfortable traveling a long distance for a one day event. This should be the norm for wing gatherings especially in wings which cover large geographic areas.

Hope to see you on the road this season and especially at Summit 2023 in Mystic, Connecticut.

Best, BLK

# A MYSTICAL *Healer* SUMMIT

## *Summit Happenings* *Renew Old Friendships, Create New Ones*

While our cars are important, first and foremost Summit is about camaraderie...seeing fellow Wing members, renewing friendships with Club members who may live in different parts of our seven state Club and especially for new members to meet and make friendships with folks who have similar interests.

Summit has lots of opportunities to mix and mingle with fellow Club members:

***Sunday Welcome Reception*** – an hour to get acquainted and learn more about Summit happenings, then have dinner with old or new friends.

***Monday*** – Tech and Information Sessions, this year in addition to Tech we'll have a separate session with speakers from the Stonington Historical Society and the Mohegan Tribe to tell us about the rich history and traditions in the area.

***Monday Night*** – Pizza Party and Film at the Mystic Cinema. Our film will highlight the rich history of British cars and is not just for the guys as it includes interviews with several of the women racing pioneers.

***Tuesday Morning*** – Valve Cover Racing...always a fun event and great time to socialize.

***Tuesday Morning and Afternoon*** – Visit Mystic Aquarium with Club members.

***Tuesday Late Afternoon and Evening*** – Pair up and visit area attractions or casinos with other Club members.

***Wednesday*** – Car Show and Mystic Seaport – A great time to socialize, take a boat ride on the Mystic River, see all the Seaport has to offer.

***Wednesday Afternoon*** – After the Car Show we'll caravan to Stoneridge, home of Carl and Amy Carvel, where by popular demand we'll stop so their fellow residents can see our cars before continuing to the Jonathan Edwards Winery.

***Wednesday Banquet*** – The annual awards banquet where we distribute awards from our weeks events activities and say farewell and see you next years to our attendees.

***New Members*** – This is a great opportunity. Summit is the perfect event to make new acquaintances and see an exciting part of Connecticut. Hope to see lots of you here.

# Valve Cover Racer Guidelines

Jim Begin of the New England Region of the AHCA constructed a portable track that debuted at Enclave 2015 and will be used for *A Mystical Healey Summit 2023*.

The lanes will be 16.5 inches wide and 24 feet long. It will have a 5 inch high starting gate. These dimensions may affect your racer design.

*2 classes: 4 cylinders and 6 cylinders*

## **Here are the basic rules for ALL VCRs.**

- 1. The VCR must be constructed from any 4 or 6 cylinder valve cover, although Healey or BMC valve covers or aftermarket covers are encourage.*
- 2. Any style of wheel, bearing or lubrication is allowed*
- 3. All motive force must be provided by gravity;*
- 4. No electrical, magnetic devices or mechanical propulsion is allowed;*
- 5. VCRs must run through the finish line within the marked course for a valid run;*
- 6. There are no construction material or height limits on VCRs;*
- 7. The VCR must fit on the starting area of the track in order to qualify to run;*
- 8. Length not to exceed 28"*
- 9. Wheels not to exceed 6" in diameter and placed near the 4 corners of the valve cover*
- 10. Maximum weight allowed is 10 lbs.*
- 11. A double-elimination system will be used for each class culminating in a runoff for the ultimate Grand Champion at the end of the races.*

### ***Thank You!***

Many tanks and appreciation from the MGH Ellison 4 Surgical ICU for all the support and kind gestures of comfort and resilience from the Austin Healy Club of NE. I and my colleagues can't find the words to say how much it means to us to know that there are still people out there in the public thinking of us 3 years after COVID started. The stress on frontline clinicians has not eased as COVID has waned, we are now dealing with health effects of so many who didn't or couldn't seek care during the peaks of COVID. Hospital ERs are overflowing, hospitals are over capacity every day, and patients are admitted more critically ill. From the hundreds of scrub caps made by the club, to the baskets of treats, comfort items, and hot catered meals over the past year you have done so much to lift our spirits and re-energize us.

I am also so grateful for the thoughtfulness and support I've felt over the past three years from all of you that Bill and I had only recently joined and met through the Club.

I'm enclosing a couple of pics of the unit enjoying the recent enormous gift basket that the Club sent. We divided it in half so day shift and night shift could both enjoy it. In addition to the snacks we also warmed the jar of sea salt caramel sauce that was included and had the wonderful treat of an ice cream party after lunch which made the rest of very busy day easier.

I wish I had more pics to enclose for you but know everyone has expressed to me to share their thanks. We just don't have much time to pause from providing care to take group pictures.

I hope to see all of you at Club activities once the heat, humidity, and rain take a break!

All my best,  
***Sharon and the nurses, MDs, CCTs, respiratory therapists,  
secretaries, and leadership of the MGH Surgical ICU.***

## *“The Best Repair Shop, This Side Of The Pond”*

I have been the host of the month AHC NE Technical Zoom meetings, for over five years the second Monday of each month at 7 PM ET <https://us02web.zoom.us/j/85606466257?pwd=TVdOSm1HaUpSTkdwMkE1czZTMlh6Zz09> It is great fun and I learn something new every month for our members. During our meetings members ask specific questions about their Healeys to our “Experts”; Bob Abbott owner of British Car Restore & Repair <http://www.britishcarrandr.com/> (One of our Platinum Sponsors for Summit 2023), Rick Neville past AHC

NE President a Healey “Nasty Boy” connoisseur, Ted Stanton Healey 100 owner for over 60 years, and most recently Michael Salter a Kiwi, of Precision Sports Cars, Ontario Canada.

In addition, to our technical zoom meetings, I offer to AHC NE members my workshop for hands on technical sessions for Big Healeys and Sprites. My shop is equipped with a four-post drive-on lift for the majority repairs and service as well as a scissor lift for all brake, wheels, and tires. The engine hoist is used for removing and installing motors and big Healey transmissions. Our first major club hands-on technical session, was the completion of the assembly of the BJ8 as Manny Cunard was battling cancer. <https://www.ahca-newengland.org/manny-cunards-story.html>

Most recently, new enthusiastic club member Terry Levasseur has a newly purchased primrose yellow Sprite. Terry and I spent a day sorting several leaks on his MkI Sprite on the four-post lift, including an oil chain of the original canister filter system, dropping the pan, and inspecting the crank and oil sum. With everything cleaned, the oil filter was changed, pan re-installed, Terry discovered a leaking gas tank. Fortunately, I had a good used Sprite gas tank, which Terry purchased, and we will install on the next tech session along with changing the transmission and differential fluids.

If you are interested in a tech session focusing on the repair or restoration of your Healey in my shop, please let me know. I also have an open and enclosed car trailer with electric winches, if your Healey is not running but a good roller. I provide transportation services for club members.

Our hands-on tech sessions are open and available to all club members, if you just want to observe, or get your hands dirty. I will post tech sessions in advance for those interested in camaraderie with other club members.

## **Steve & Sue Bell Celebration Lunch** *Thursday, August 10, 2023 | 1:00 PM*

**Kelly's Place** - 292 East Main Street (Rt. 123) Norton, MA

Let's get together... to celebrate Steve and Sue Bell before their move to FL at the end of August.

Steve and Sue Bell have been pillars within the Austin Healey Club of New England and AHCA for many years. They have decided to move to sunny warm FL and enjoy driving their Sprites all year long!!

We want to celebrate their contributions to the Healey community with a private luncheon at Kelly's Place in Norton.

We have a private dining room with a capacity of 36 at Kelly's.

You will be responsible for your own meals and drinks.

Join other Wing 4 Austin Healey New England club members and AHC NE officers to celebrate the Bell's, as they prepare to become Floridians.

RSVP Pete Sturtevant at [healeyn4@comcast.net](mailto:healeyn4@comcast.net). We are limited to the first 36 with a reservation. Please RSVP by 8/1 before we open up to the rest of AHC NE members.

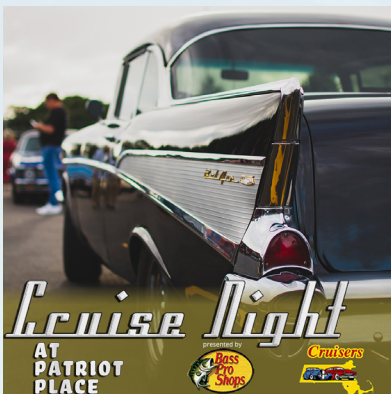

**See you there!**
