Help Wanted!

Coordinators for Wing 1 (NYC, SE NY, and SW CT)

The Austin Healey Club of New England (AHCNE) is the largest club affiliated with the Austin Healey Club of America with over 350 members, and the largest geographic area. In fact, AHCNE welcomes many members who live outside the six New England states. In order to facilitate in-person meetings and gatherings AHCNE has been divided into seven geographic areas or Wings. This division was initially established using USPS area Zip Codes, but was not intended to create boundaries. ALL Wing activities are open to ALL AHCNE members. For organization and administrative purposes, a volunteer Wing Coordinator position was established for each Wing. The Wing Coordinator is not an activities director, but rather a facilitator and information resource for new and old members. Subject to annual appropriation, a small budget is available to the Wing Coordinator to facilitate gatherings and can be used for reimbursement of certain Wing expenses. The following is not a formal job description, but rather a list of activities where Wing Coordinators can be most helpful to the club:

- Welcome new Members and introduce them to club website and resources.
- Assist members in planning and advertising Wing tours.
- Facilitate member networking.
- Promote two-way communications with club Board of Directors.
- Identify and recruit members to assume leadership roles within AHCNE.
- Encourage members to organize periodic breakfast or dinner gatherings and bring guests.
- Remind members to promote AHCNE at local car events.

Thank you to your current Wing Coordinators and please reach out to them for ideas for events in your Wing.

The purpose of this visit was to work on the hydraulics, of my Sprite. The left rear brake cylinder was replaced, along with all the springs and brake shoes. It was an involved process with a few difficulties.

We overcame, and once again Smiler is able to come to a safe stop. Additionally, I was able to replace some missing motor mount bolts and do some cleaning.

Putting a car on a lift is a real time saver and also makes any necessary repairs much safer to do.

Thank you to all and to Peter for his hospitality.

Austin-Healey 100 Motor for Sale

Ted Stanton's 1954 Austin-Healey 100 motor, 1B219142M turns over freely. The head has been removed to expose excellent looking cylinder walls, and top of the pistons. By removing the oil pan, we were able to hear and see the crank and pistons moving up and down through the cylinder walls freely. The cam looks great, a new oil pump strainer will be required. This 100 motor, is an excellent candidate for a rebuild for your BN1 or BN2. There are not many 100 motors available for rebuilding, so if you are interested in this motor, it is available for \$1500, with proceeds to Ted Stanton and our club 2024 charity CT Junior Republic <https://cjrimpact.org/>. This is a complete 100 motor, except for the intake manifold and carburetors, please contact:

Gerry Giroux is selling a variety of Healey parts!

Email Ggiroux46@roadrunner.com

with your needs.

Some highlights include:

Complete 3000 rear axle Mk III, Mk III top frame, roadster doors, seat frames, early 100 6 engines and gallery heads, 6cyl roadster aluminum center panels, one rear center panel (jump seats), Lots of small parts, trim, etc. Also some Jaguar Mk 1 parts.

Interesting Backstory on Gerry's Healey Collection:

Gerry bought his first Healey, a 100 6, in 1971. During this time he was in the USAF at Otis AFB on Cape Cod, after coming back from Vietnam. He was not aware of any part sources at the time, but local scrap yards had 100s in them. Patients gave him parts and one told him about a 100 6 on the Artillery Range that had been abandoned. He pillaged that at some risk! After discharge, he continued this activity through the 1970s and 80s, resulting in a large collection of 100 6 and 3000 parts. Many parts in his collection now will not get any use, so he has decided to sell some.
