

Healey's lined up at Wayne Carini's F40 MotorSports, Portland, CT

President's Letter

by Bob Britton

We are now into the driving season full swing so hopefully you have gotten your Healey out for a few drives this spring. With all the events scheduled in June there will be many opportunities to drive your Healey and meet up with other club members at one or more of these events.

First up is **British by the Sea** in Waterford, CT which is always a popular event to attend. Meet up with Ted and his crew on Sunday June 5th for the drive over to the field at Harkness State Park in Waterford, CT for a great day of British car indulgence. And then the following weekend there is the **British Motor Fest** in Bristol, RI, which is fast becoming an event to rival **British Invasion** in Stowe, VT. There will be many club members in attendance and don't forget the special Newport Harbor cruise for Healey Club members only on Friday, June 17 on the "Amazing Grace" tour boat. If you can't make it for the entire 4 days just head over for one or two days of fun at this great gathering of British cars.

And on Sunday June 12 there is the annual **Rally for a Cure**, a fundraising event to benefit JDRF ongoing research for a cure for type 1 diabetes for children. This year the rally will end at the Jaguar Concours d' Elegance in Middlefield, CT. Club members Jud Perkins and Pat Duncan will be donating \$50 to the fund raising efforts for every Healey car that participates in the rally.

The following weekend on Saturday, June 18 Denny Broughel will be hosting a **Winery and Brewery** tour in the beautiful Hoosick River valley area of NY near the VT border. What can be better than Wine, Beer and Healey's in one afternoon. But please drive safely on your return trip home if you visit the tasting rooms. And on the last weekend in June if you are looking for another excuse to get the Healey out of the garage for a fun drive there is always the well attended **British Car Days at Lars Anderson Museum** in Brookline, MA on Sunday June 26.

So, there you have it.... an event each weekend in June to get your Healey out for nice day of driving. If you want additional information on any of these events visit the clubs new and expanded website, www.ahca-newengland.org.

Summit at Stratton is well under way planning wise with over 46 Registrations received so far. We expect there are a few more members who plan to attend who haven't registered so get your registrations in ASAP. This is our main event for 2016 and the Summit committee has put together an exciting 4 days of fun and camaraderie for all club members to enjoy.

See you on the road,

Bob Britton
President

An Inspiring Story.....

John & Betsy MacLeod

Last Saturday, May 21st, three Austin-Healeys and their owners gathered at Crescent Point at Niantic, a Senior Living Center where we met John and Betsy MacLeod as well as Betsy's mother and brother Charlie. John, a longtime member of the New England Club and past owner of a blue Healey, is now a resident of Crescent Point at Niantic as he battles with advanced ALS.

*The Stanton's red BN1,
Dutch's blue/white BT7
and The Carvell's white BJ8*

John had his choice of a ride in a blue, white or red Healey and after some consideration he and his fabulous nurse, Stephanie, were loaded into Carl Carvell's white 3000.

Betsy rode with Dutcha Slieker-Hersant and Charlie with Ted Stanton.

Leaving Judi Stanton and Amy Carvell to hold down the fort, the three cars took off on a ride around the Connecticut shoreline communities.

*John MacLeod, & his aide Stephanie in the BJ 8.
With Amy & Carl Carvell, Judi & Ted Stanton,
Dutch's Slieker-Hersant and Betsy MacLeod*

A very happy John MacLeod

AMY CARVELL

All three of us really enjoyed this and would encourage others to provide similar outings to people in their areas.

FOOT NOTE : Sadly, John MacLeod passed away on the evening of June 1st.
We offer our condolences to Betsy MacLeod and her family.

Tradition

Memorial Day weekend provides a time for all of us to stop and reflect on those who have made the ultimate sacrifice to insure our way of life. Each of us, I'm sure pay our respects in different ways. For me in 1955 on a beautiful sunny day in Columbus Ohio my father took me to the zoo. As we were parking the car I happened to turn on the car radio which was broadcasting the Indianapolis 500. The finest announcer in racing history Sid Collins, was doing the broadcast. We had turned on at a moment of tragedy in the race. Not sure at my tender age at the time I fully realized the how and why of the day called Memorial Day but somehow I became mesmerized with Collins's broadcast and began a tradition of listening the next year, and the next and now in its 100th year I've either attended, listened on the radio or seen on television, 60 of the 100 Indy 500's.

As I grew and became to understand Memorial Day and its meaning, I now find myself paying attention to the traditions of the race. The Singing of Back Home Again in Indiana and most importantly Taps as each year it is played. This tradition gives a time for me to reflect on all the good that our servicemen and women do not only for us but the entire world. Hopefully everyone has a similar tradition or moment on this important day.

BRITISH BY THE SEA 2016
June 5, 2016 - 09:00 AM
Harkness Park, Waterford CT

BRITISH BY THE SEA 2016

The "BRITISH BY THE SEA" is a fun gathering of people who own and appreciate British Vehicles. Sunday, June 5th marks the 29th annual BRITISH BY THE SEA event. It is always a great time and we usually get about 20 or 25 Healeys. Bring a picnic lunch or buy on site and be prepared to see hundreds of quirky English cars (and owners).

As usual we'll meet at Fort Trumbull at 90 Walbach Street New London, CT 06320 at 9:00 AM for coffee then travel the 10 minutes together to arrive at the scenic 240 acre Harkness Memorial State Park in Waterford CT, by 10:00AM.

The address for Harkness State Park is 275 Great Neck Rd. Waterford, CT 06385.

Contact Steve & Annie Wincze of the CT-MG club at 860-693-4249 or email MGTD52@comcast.net for a registration form to pre-register at \$ 15 or pay \$20 at the gate.

The CT MG Club donates a large amount of our proceeds from BBTS to the Park to help restore the "Eolia" Gardens to their original grandeur. In addition, we provide "people power" over a few week ends to help plant. "BRITISH BY THE SEA" is not a judged show, although we do present etched glass mug awards to vehicles selected by popular vote.

Please email me at healey@snet.net to let me know if you plan on coming. If you have a problem getting there, call my cell at 203 605 4172.

Wayne Carini's "Chasing Classic Cars" F40 Motor Sports

By Pete Sturtevant

Read all about it!

Wayne Carini's – "Chasing Classic Cars" – F40 Motorsports

As we started the planning process for the 2016 AHCA NE events back in January, I circled several critical dates, including the British Motor Festival, Summit @Stratton, and Wayne Carini's F40 Motorsports, the home of Chasing Cars. Ted Stanton, our eastern CT Area Coordinator, arranged a morning tech session at Wayne Carini's showroom and restoration shop in Portland, CT on Saturday of Memorial Weekend.

Initially, we were concerned the holiday weekend might be a challenge for club members. We need not have been. Saturday May 28th was a beautiful warm morning in southern NE. Ted was emailing regularly to confirm with Wayne the date and time for our visit. Wayne had a wedding on Saturday afternoon, so we could only have our meeting early in the morning starting at 9 AM.

As I traveled to CT from south county RI there was a cool breeze coming of the Atlantic. I met with Ted and Judi Stanton at their home and we met Dutcha Slieker-Hersant just south of Mystic.

The engine of the supercharged Bugeye

We arrived at F40 Motorsports at 8:30 and started the Healey lineup in front of the showroom. By 9:00 we had 19 Healeys: three Hundreds, a supercharged Bugeye and fifteen 6 cylinder cars and close to 50 members anxiously looking forward to meeting Wayne and seeing his operation. Jim Begin drove his beautiful tricarb with a fresh engine rebuild down from central Maine for the two hour tech session.

By 9:15 we were getting a little nervous as Wayne had not arrived and we couldn't get a hold of him. Thankfully at 9:30, Wayne arrived in his beautiful Moal Speedster. Wayne thought our meeting was starting at 10 AM instead of 9 and he had been mowing his lawn before coming to the shop. It was worth the wait!

Read all about it!

I think most members are knowledgeable and avid watchers of Chasing Classic Cars on Velocity and were excited to see the Moal Speedster which was featured on last year's episodes, is a one-off design on the 32 Ford Chassis with a Flathead engine and a 5 speed gearbox and a beautiful aluminum body.

The impressive line up in Wayne's showroom

Wayne invited us into the showroom with roughly a dozen stunning classics including a Mercedes 300 Gullwing and 190 Roadster along with a 30's Bentley, spectacular 356 Porsche convertible, newer Ferrari, and a Shelby Mustang. Wayne shared the story how he followed in his father's footsteps in classic car industry. Wayne's Dad specialized on restoring Model A's and started their national club. F40 Motorsports has 12 employees and most have been with Wayne 25 to 30 years.

Wayne graciously answered all the questions from our curious members except how many cars are in his personal collection.

Wayne regularly consigns several cars at the major classic car auctions around the country. He finds certain cars will sell well at specific auctions and others are better to sell through his own operation. F40 Motorsports will sell muscle cars but classic cars are more of a specialty. After more than half an hour telling us stories in the showroom we moved to one of the restoration shops in the same building. We were afforded complete access to the restoration shop to see the incredible craftsmanship.

There were some beautifully restored cars waiting delivery, including the yellow 1949 Buick Roadmaster convertible from the movie, Rain Man from 1988 with Tom Cruise and Dustin Hoffman. There have been 150 episodes of Chasing Classics Cars over the past 10 years, all without a script, and Wayne finds all the cars himself and has just signed another two contract extension for the award winning show.

Walter Michaels listens to Wayne while admiring the Buick Roadmaster.

Next door there is another shop with more cars under various stages of restoration. The F40 Motorsports properly on RT. 66 were former car dealerships. After seeing the interesting road and race cars in the two restoration shops, we moved to a new building behind the second shop which is purely for staging cars which are for sale. There were probably 30 cars jammed in the new and very full warehouse, including a very nice Healey Blue over OEW 100 closest to the entrance door. None of the cars had for sale prices posted, but Wayne could clearly quote the asking price.

A sampling of the variety of cars in Wayne's shops

The two hours at F40 Motorsports flew by, and you could see by all delight on members faces it was a great day. To quote long time member Roy Balthazard on FB, the day Chasing Classic Cars on Saturday morning, "crème de la crème".

Summertime and the driving is easy.....

Memorial Day Weekend noted the start of many classic car gatherings. Thank You to Ted Stanton for organizing a great Tech Session at Wayne Carini's F40 Motorsports shop.

Let some of the reports on the first events of the season motivate you to gather a few Healey friends in your area, go for a cruise, visit a car show or have lunch with new and/or old friends and have your be the Healey the catalyst for a great summer.

Please be inspired by the story about the MacLeod's and try to make someone's day.

Many Thanks to the members who contributed articles to this newsletter.

A Bit of Lucas Humor

The Lucas motto: "Get home before dark.

Lucas—inventor of the first intermittent wiper.

Lucas—inventor of the self-dimming headlamp.

The three-position Lucas switch—

- 1. DIM, FLICKER**
- 2. SMOKE, SMOLDER and IGNITE**
- 3. OFF**

"I've had a Lucas pacemaker for years and have never experienced Any prob..."

Did you hear about the Lucas powered torpedo? It sank.

**It's not true that Lucas, in 1947, tried to get Parliament to repeal Ohm's Law.
They withdrew their efforts when they met too much resistance.**

**Did you hear the one about the guy that peeked into a Land Rover and asked the owner
"How can you tell one switch from another at night, since they all look the same?"
"He replied, it doesn't matter which one you use, nothing happens!"**

Lucas systems actually use AC current: it just has a random frequency"

Why do the English drink warm beer? Lucas made the refrigerators too.

- Alexander Graham Bell invented the Telephone.**
- Thomas Edison invented the Light Bulb.**
- Joseph Lucas invented the Short Circuit.**

Recommended procedure before taking on a repair of Lucas equipment:

Check the position of the stars and sun, kill a chicken and walk three times clockwise around your car chanting: "Oh mighty Prince of Darkness, protect your unworthy servant."

Castle in the Clouds - Antique and Classic Automobile Event

This third annual Castle in the Clouds car show event will be held **Saturday, July 9th** at the grounds of this well known tourist attraction in Moultonborough, NH.

The history of this estate, which includes the estate home, carriage house built by Thomas Plant in 1912-1914, is fascinating and the view alone is worth coming to the show for. The event draws a large selection of pre-1980 classic European and American automobiles from around New England and benefits the restoration and continued care of this magnificent estate.

Mr. Plant was a shoe manufacturing 'mogul' at the turn of the 19th century here in New England and his built estate with features which were ahead of its time for that era. A free admission for one to visit the estate home will be included in the price of the show fee.

Plan on also visiting the restored Carriage House terrace for lunch with a spectacular view of Lake Winnepesaukee and the mountains.

The car show will feature all marques and this year will feature pre-WW II vintage cars. British cars will have their own separate category and place on the show field. The show field is entirely grass with plenty of space to accommodate several hundred cars. There will be door prizes, food and beverage tents, free 'jitney' bus to the estate, and awards in several car categories.

More detailed information can be found and registration can also be done online at
<http://www.castleintheclouds.org>

So sparkle up your Healey and come-on up to the show.

See you there.

Cape Ann Rallye and Brewery Tour 2016

August 6th 2016 — Ipswich MA

Cape Ann Rallye and Brewery Tour

August 6th, Ipswich, MA

Save the date for a day of fun, food and brew on Massachusetts' beautiful North Shore. And the best thing ... it's simple as counting the number of seats in a 100. No hotel reservations to make, no figuring out where to eat and you'll be given a route map of some of the greatest scenery on the East Coast.

OK, there may be a few questions to answer along the route and we've engaged Rallyemaster Ken Carson, pictured here, to use all his brain cells (same number as the seats in a 100 ... he's a doll) to come up with some fun questions as you travel through Beverly Farms, Manchester-by-the-Sea, Gloucester, Rockport, Essex and Ipswich.

We'll give you some suggestions of places to stop while on tour and if you don't win the rallye because you find something more interesting to see, no big deal. The prizes won't be that great anyway. Remember, it's just a day to enjoy a drive by the sea on a summer day in New England.

Just be sure to be at the Ipswich Ale Brewery by 2:00 pm where we'll have lunch at the newly opened Brewers Table restaurant. Enjoy some great pub food and their locallycrafted beer, after which we'll be treated to a tour of the brewery where the magic happens.

Please contact Rich Neville / HealeyRick@yahoo.com or 978-948-5500 for more information

THIMBLE ISLAND CRUISE & LUNCHEON
Branford, CT

August 20th 09:30 AM – 2:00 PM
(Rain Date August 21)

The Thimble Island chain consists of 25 small rocky, wooded islands topped with beautiful summer cottages built during the Victorian Era-complete with ginger bread trimmings. Some isles have many homes and some just have one, all the islands are private except for one: Outer Island is trusted to the Federal Fish and Wildlife Department. It's a WATER WORLD! The 'Thimbles' are a boating paradise and you'll see kayakers, sailboaters, fishing boats, islanders, water skiers and ferry boats "toing and froing" while enjoying the great outdoors.

In the village you will find two fine deli's for a sandwich, coffee or scone, art galleries, a museum and antique shops for browsing and even some B and B's. There are parks, walks, and benches to sit upon. Only 15 minutes out of New Haven and two hours out of New York City, Stony Creek and Thimble Islands presents you with a slice of New England living.

We will meet at the Town Dock in the quaint seaside village of Stony Creek, CT, where we will board the Volsunga IV for a 45 minute narrated boat tour through the enchanted Thimble Islands. We will get to see some beautiful islands, feel the sea breezes, hear the shore birds and soak in the sights.

Following the boat tour we will gather at a nearby restaurants and enjoy a luncheon.

Details for this day will follow in future editions of the Healey Exhaust Notes.

How to restore that great sound to your muffler

If there is a particular subject that you would like to see covered in this section, please let us know.

How to restore that great Healey sound to your muffler....

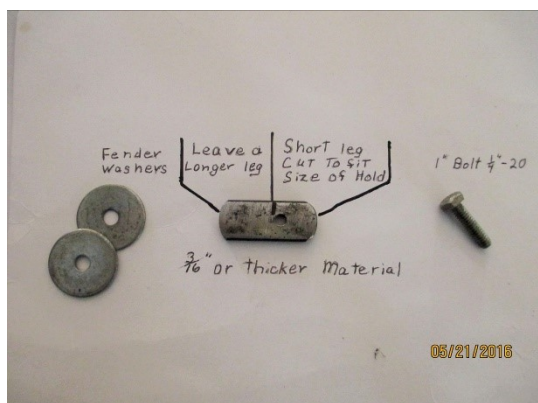

Here is a little modification I did that worked for me after many attempts to tone down the exhaust on my Healey. One new stock mild steel muffler was so loud, that after a short test run I removed it and put the old one back on. Some of the club members would know why, but now I have a polished STAINLESS STEEL exhaust by Tourist Trophy. Had to have it, but I didn't like the sharp sound it made. I had someone (unnamed) say they heard a hint of Harley Davison when I started up.

Here's what I did that brought back that nice sports car sound. At the rear of the muffler centering between the two tail pipes and the outer welded body flange I drilled a 1" hole (I would now recommend a smaller hole 7/8" or 3/4" would work better) making sure to leave enough material around the edge of the hole to make a seal. Use #4 steel wool rolled up to pack the muffler. Put in 3 or 4 pads and try it, to find the right sound that you like. The plug for the hole is made with fender washers and a strong back detailed in the picture. I love the sound the Healey now has. It's that old glass pack report when coming up though the gears and at cruise, it's perfect.

Caffeine and Carburetors

Waveny Park, New Canaan CT

By Jud Perkins

Caffeine and Carburetors

How about a nice shiny red Morgan?

However, Healey owners Rudi Markl, area coordinator for this region, Chauncey Johnstone, George Franciscovich and Jud Perkins braved the elements together.

George moved to the area from California about four years ago. He was a member of the Golden Gate Club in California. Jud who also had been a member of the Golden Gate Club shared some west coast stories together.

Chauncey Johnstone, George Franciscovich, Area Coordinator Rudi Markl and Jud Perkins, all smiles at the sight of such variety on display.

Pat Duncan checking out a sporty ride!

Caffeine and Carburetors started 21 years ago as an informal Sunday gathering of car buffs at Zumbach's Gourmet Coffee in New Canaan, Connecticut and has grown to a show held four times a year with 700-1000 cars. The show focuses on sports and touring cars, with only a few muscle cars mixed in. It has retained its informal character as there are no entry fees, no prizes, just lots of exotic machines. It's estimated that on any given C&C Sunday \$40-\$60 million of cars are on display. The next event will be in New Canaan beginning at 8:00am on September 11. Arrive early as the organizers make an attempt to put like marques together.

Rudi Markl, our Area Coordinator for SW CT and Greater NYC, has just posted his Healey Home Movies on Youtube. And since he got his first Healey in 1966 (a 1960 3000, BN7) and joined the club in 1975 (when it was the Northeast chapter of the Austin Healey Club, Pacific Centre) this is some vintage footage!

Rudi Markl at the 2011 Fairfield Concours

The 19-minute video was made from silent 8-mm movies, which he livened up with some actual Healey sound effects here and there. It is posted as 'unlisted,' so you can not find it using key words - you need the link: <https://youtu.be/YzVgPUkRgMQ>.

This is the first of several such videos he's made. We'll be posting one link per issue, so watch for it. The next is 1950s-1970s racing footage from several eastern sports car circuits, including the 1964 U.S. Grand Prix at Watkins Glen.

Hands Across the Atlantic!

Hands Across the Atlantic!

Rachael Foggo and her father, Marin Foggo

Sunday, May 29th saw a small gathering of Austin-Healeys from the US and the UK on the porch of Amy & Carl Carvell's home in Weekapaug RI. Representing the US were Sue and Steve Bell and the Carvells while the UK was represented by Rachael Foggo and her father, Martin Foggo.

Rachael and her right hand drive Healey 3000 now live in New York City and her Dad was visiting (leaving his Healey at home). They spent Memorial Day weekend touring New England with stops in Boston, Martha's Vineyard, Newport and ending with a stop at the Carvell's for lunch. There were lots of laughs and many stories were told of all our Healey escapades. Rachael has been a member of the Sports and Touring Club but before she left she had become a member of the New England Club so I am sure we will see her at Healey events in the future.
