

Healey's lined up at the BBQ at Summit @ Stratton 2016

President's Letter

by Bob Britton

Linda and I just returned from a wonderful day exploring Cape Ann (the other "cape" in MA) participating in the gimmick rallye organized by Rick Neville and Larry Swift. Having lived in the area many, many years ago I looked forward to exploring the back roads that I once drove in my Morgan 4/4. While a bit more populated than I recall the area did not disappoint with the great scenery and enjoyable roads along the "gold coast" that I recall from years ago. One of the highlights of the tour was stopping by the Hammond Castle in Gloucester. And what better place to end the rally than a brew pub that served up many handcrafted beers and ales and great food. We could not have asked for a more enjoyable day spent with Healey friends.

And speaking of enjoyable times with Healey friends **Summit @ Stratton** concluded the weekend before. What a wonderful 4 days that attendees enjoyed in the beautiful southern mountains of VT. Check out some photos taken at Summit in this issue of Healey Exhaust Notes and then look for the full report on Summit in a Special Edition newsletter that Editor Dutch Slieker-Hersant will be putting together shortly. We were honored to have Mary Falconeiri and her two grandkids Max and James join us at Summit to present the first annual ***Dominic Falconeiri Best of Show*** award. Stay tuned to find out who the first winner was.

Next up on the calendar is the **Thimble Island Cruise, Tech Session and Luncheon** on Saturday August 20 which starts in Branford, CT. If you enjoy both cruising in your Healey and boats you will not want to miss this event. And for all you music fans, once again Ted Stanton is organizing a club trip to the annual **Sergio Franchi Concert** in Stonington, CT on August 27th. Bring a picnic lunch and bottle of wine to enjoy on the lawn while listening to some great music.

See you on the road,

Bob

Pros in Action

I spent a portion of my professional career with the Disney organization where it seemed we were always celebrating something with a major event and then the National Basketball Association responsible for putting on such things as the All-Star Weekend, NBA Finals, exhibitions in numerous foreign countries, draft and other events. At the NBA we had a department of over 25 people to do this work. As a result, I appreciate a well done event.

Last week's Summit was right up there for the quality of event organized by Bob & Linda and all the Club members who participated in making the activities go off flawlessly. From the opening evening, to the barbeque, rally, gymkhana, funkhana, auction and banquet all events were first class and smoothly executed. Congratulations to the entire team who helped stage the event and to everyone who attended and participated.

THIMBLE ISLAND CRUISE & TECH SESSION LUNCH

August 20th 09:30 am— 3:00 pm

(Rain Date August 21st)

BRANFORD, CT

Please join us for one of the most hidden gems on the Connecticut coast, The Sea Mist Thimble Island Cruise. We have reserved 35 seats on the boat that will provide us with a 1 hour tour of the historic Thimble Islands in Branford, CT. The location is easy off of I-95 (exit 56) - see below for directions. The Tour will start promptly at 10:15 a.m. We ask that you arrive 30 minutes ahead of the departure time. Parking is available at the end of the dock and on the street in Stony Creek (very safe with a resident police officer walking the street). The price is **\$13 / person**, to be paid on the boat.

The fun will continue after the cruise with a beautiful rally along route 146 to the Pine Orchard Yacht & Country Club (only about 3 miles) where we will all meet on the lawn of the club for a Tech Session, conducted by David Silberkleit, better known as the "Bugeye Guy". He will share "100 things 200 British cars have taught me" and take technical questions from the audience regarding issues anyone may have with their own British car. In 2015, the Bugeye Guy built what is perhaps the world's only gold metal concors Bugeye Sprite, which was certified at the Gettysburg Healey Club Enclave after two hours of judging by four judges. In 2016, Bugeye Guy built the first fuel injected and supercharged Bugeye for a client in Michigan. Currently, David and Co are building a Sprite for Caitlyn Jenner.

After that we will have a cash lunch in the Grill Room (on the water) for a \$20/person cash selection. The address of the Pine Orchard Yacht & Country Club is 2 Club Parkway, Branford, CT 06405. The day will conclude after that but the drive along route 146 going East is spectacular.

Connecticut River Rally & Cruise
September 24th 2016 10:00am– 3:00pm
OLD LYME, CT

Rendezvous Location:

CT-DEEP Marine Headquarters, 333 Ferry Road, Old Lyme, CT 06371

Itinerary: Our day will begin with coffee on the dock overlooking tidal marshes at Great Island in Old Lyme. At 10:30am sharp, we'll depart for a beautiful drive up the east side of the river generally following Route 156 through Hamburg to Joshuatown Road to Route 148 to River Road to Route 82 to Ray Hill Road and back to Route 82 where we will cross the river on the Haddam/East Haddam Bridge (at Goodspeed). From there we will drive down Route 154 to Essex Street to River Road and arrive at the Essex Yacht Club on Novelty Lane in Essex at around 11:30am.

Chef Michael will serve us a fine lunch between 11:30am and 12:45pm.

At 12:45pm we'll make the 30 second drive to the Connecticut River Museum, park on the upper lawn, and board the schooner Mary E for a 1.5 hour tour of the river under sail starting at 1pm. After the cruise ends at 2:30pm, folks can tour the museum and wander around some of the neat shops on Main Street, and eventually roll back up Main Street to North Main to 66 River Road for a swim, bite and drink at our house at around 3pm. Knowing that interests vary, note that the cruise portion of the day is optional.

Cost Summary: Lunch at EYC is \$22 per person. The optional cruise on the Mary E and museum tour costs \$30 per person. Total cost for both activities = \$52 per person.

Logistics: With respect to Healey safety, all venues – the DEEP, EYC CRM and our house – provide safe/separate parking where our cars would be parked away from common parking areas (thus avoiding the bash of the 1983 Impala door) and afford viewing opportunities for passers-by.

In the event of rain, the cruise portion of the day might be dampened, but other events would still work unless it is blowing a gale.

RSVP by September 1st

Please email or call Tom Klin with any questions
at (cell) 860-227-3587 or Thomas.Klin@ch2m.com.

Wine X 2 and Brewery Tour Review

June 18, 2016 - Hoosick, NY

by Cub Reporter Bob Bender

I spent most of the winter rebuilding all of the suspension and brake line on my BN-2. Thanks to Denny's constant nagging, I had the old war horse back up and running two days before his meet (I need one day to get a frontend alignment). It seemed fitting that we should visit wineries and breweries on the shake down drive seeing as how I had downed a lot of wine and brew during the long hours of rebuild.

The day was absolutely perfect! Not a cloud in the sky. We motored over the mountain to the designated starting point. We knew we were there when we saw a line of Healeys and a group of people with their faces buried in ice cream cones.

After getting people cleaned up and in their cars, we took a leisurely drive through the countryside to visit Victory View Winery and Amorici Winery for tastings and explanations of their wines. What? Well of course I bought some wine.

Betty even bought some grappa! I'll have to keep an eye on her when she gets into that.

The final destination was Wallomsac Brewery and Tap room. What a great place. I beautifully repurposed factory. We took a tour of the brewery and got a great explanation of the whole microbrew process. After a beer flight and some delicious food, it was time to head home. It was a great day with good wine, beer, and food, but the best part was being with wonderful cars and great friends. An easy going no pressure meet. How could you go wrong? ***Thanks for nagging me to get my car back together Denny!***

Lunch at the Beekman Arms in downtown Rhinebeck, followed by a tour, car show and airshow at the Rhinebeck Aerodrome coupled with super weather made for a delightful day. Andy Roberts was featured in the pre-show parade of British Cars on British Car day at Rhinebeck. The day included viewing other British Cars on British Car Day.

Healey's were well represented in the show with eight cars. A highlight of the day was our "private backstage" tour of vintage aircraft stored in four hangars on the grounds with our guide giving us the background and history of many of the aircraft, some of whom are now over 100 years old. Spotted in the tour was a 1930 Austin 7, advertised as Britain's answer to the model T. The Rhinebeck folks would like to restore the Austin 7 and asked that any one who had knowledge or parts contact them.

British Cars of NH Show of Dreams - July 23, 2016

by Bob Britton

Healey cars were well represented at the 20th Annual Show of Dreams car show sponsored by the British Cars of NH in Hudson, NH. AHC-NE sponsored the Austin Healey class which had a total of 8 Big Healey's on the field, 6 of which were NE members and a 7th who joined the club soon after the show.

The day was blistering hot but we all found some shade from the sun in the many tents the organizers put up, as well as gathering under the sun shade behind Elliot More's BJ8 with a cooler stocked with cold refreshments.

Staying cool under the tent

When it came time to announce the winners AHC-NE members swept the awards with Bob Britton Colorado Red BJ7 taking a 3rd, Peter Borrone's stunning Healey Blue BJ8 taking a 2nd and the crowds favorite and much to his surprise, Larry Swift's white over black 3000 MK 1 taking home the 1st place award in the Healey class. ***Congratulations to all.***

A Bit Humor

Just in case you weren't feeling too old today, this will certainly change things. Each year the staff at Beloit College in Wisconsin puts together a list to try to give the faculty a sense of the mindset of this year's incoming freshmen. Here's this year's list:

- ◆ The people who are starting college this fall across the nation were born in 1998.
- ◆ They are too young to remember the space shuttle blowing up.
- ◆ Their lifetime has always included AIDS.
- ◆ Bottle caps have always been screw off and plastic.
- ◆ The CD was introduced 7 years before they were born.
- ◆ They have always had an answering machine.
- ◆ They have always had cable.
- ◆ They cannot fathom not having a remote control.
- ◆ Popcorn has always been cooked in the microwave.
- ◆ They never took a swim and thought about Jaws.
- ◆ They can't imagine what hard contact lenses are.
- ◆ They don't know who Mork was or where he was from.
- ◆ They never heard: "Where's the Beef?", "I'd walk a mile for a Camel", or "de plane, Boss, de plane.."
- ◆ They do not care who shot J. R. and have no idea who J. R. even is.
- ◆ Mc Donald's never came in Styrofoam containers.
- ◆ They don't have a clue how to use a typewriter.
- ◆ Do you feel old yet? Pass this on to the other old fogies on your list. Notice the larger type, that's for those of you who have trouble reading..

So have a nice day!!!!

It is good to have friends who know about these things and are still alive and kicking!!!!

Lempert 3:53 rear end gears are all gone now. The gears now come from England.

A little more money, but still well worth the conversion for peace of mind when your Healey is on the interstate. I can replace the gears in your rear end (takes about a week) or have a rebuilt rear end ready to swap into your car in about 4 hours. The complete job is now \$ 1,400.00 either way.

Also able to handle most any mechanical work your car may need to make it through the summer driving season safely. Labor rate is \$ 35.00/hour. Please ask for references.

Wanted BJ8 / BJ7

I am looking for an Austin Healey BJ8 or BJ7. I am a younger new member of the Club and would like to find a car that will fit my wife and two young boys, and will become a part of our family. I prefer a recently fully restored vehicle (within the last 10 years) but will look at older restorations to the extent they have been well-preserved and are rust-free.

I would like to find an excellent car that can be driven with pride on nice days.
I live in the Boston area.

Please contact David Shushan at dshushan@gmail.com if you are considering selling your Healey and it fits this bill.
