

## **PRESIDENT'S LETTER** BY INCOMING PRESIDENT JUD PERKINS

As the incoming President of your Club, I would like to say thank you to each prior President who helped bring the Club to where it is today. At 320 members, which is over 10% of the National Club's members we are the largest Club in the Country. I would like to especially thank Bob Britton for all his help and support to make the transition a smooth one and for his leadership over past three years.

The past six months have been very exciting as we have implemented the Wing concept for Club organization. The goal of the Wing organization is very simple, and that is to bring the Club closer to its membership. We are spread over a seven-state area which approximates the size of Nebraska. We heard from many members that they would like to participate in Club events but that the distances were too great for them to participate. The Wings will lead to many more events "closer to home".

In developing the Wing organization, we surveyed other, very active Clubs. Regular meetings of Club members seems to be a common thread. I really encourage everyone in the Club to participate in the Wing meetings. You will help shape the agenda of your Wing. Initially this may require some driving but each Wing can format what the best structure is for its Wing. To accommodate geographic differences, some Wings may move meetings around, others keep them in a fixed location. This should reflect the input of everyone within the Wing and be tailored to the needs of each Wing and its members.

Be on the lookout for continuing enhancements to the Newsletter as led by Dutcha and the Website by WebMaster, Peter Sturtevant.

Mark June 25-29 for **Healey's in the Berkshires** Summit at the Jiminy Peak Resort. A return to the location of the 2010 Summit.

I would like anyone in the Club to feel free to contact me with thoughts on how we can make your Club better. Feel free to contact me by email at [juds3000@comcast.net](mailto:juds3000@comcast.net) or by phone at **860-204-9168**.

**Happy Healeyng.**  
**Jud**

## *VP RAMBLIN'*

*BY INCOMING VP DENNY BROUGHEL*

### *VP RAMBLIN'*

As the incoming Vice President I was told that one of my duties was to write a small column called V.P. Ramblin' for the monthly newsletter, so I shall start.

I'm Denny Broughel, a member of this club since 2000, and I was the New York regional coordinator for a number of years. My car is a 1957 Longbridge car, black over old English white 100-6 roadster. I originally was bitten by the Austin Healey bug in 1968 when I came home from the Viet Nam war. My brother passed on to me a 1956 Bn-2 with a Chevy V8 engine. I drove the car for most of a year and sold it for tuition for \$750.00.

Fast forward 30 years, my wife and I are volunteers with the SCCA at Lime Rock Park when we meet Jim Smith on the Starting Grid and he mentions in conversation that Jon Kastberg has a fixer upper, and the next week I was at Jon's house taking it home in boxes. Twenty-two months later I drove the car to my first meet at Paul and Dale Dunnell's house.

I am a hands-on type of fella, so I'm sure that most of my columns will be about nuts and bolts or greasy hands and some driving my car like I stole it.

*THANKS,  
DENNY*

## Wing 1 members of the Austin Healey Club of America - New England chapter:

There are currently 55 AHCA members in **Wing 1**.

Our first meeting is at 10:00 AM **this Saturday, January 7, 2017** at the **Griffith Harris Golf course**, near Westchester County Airport, 1323 King St., **Greenwich, CT** (over breakfast at their **Fairways Restaurant** ; 203- 531-1138). **Spouses are very welcome.**

This will be an opportunity to get to know other members near you.

In addition, **Jud Perkins**, incoming New England chapter President, will be attending to further explain the goals of the reorganization and to hear your thoughts about the direction of the Club and the types of events you would like to have. I hope we have a good turnout.

**Please RSVP by January 19 so I can reserve enough tables.**

**THANK YOU,  
RUDI MARKL**

# WING 2 Western MA & Central CT

*Regional Event by Leonard Bach*

**Dear Fellow AHC – NE Wing 2 Chapter members,**

We are having our first meeting on **January 21, 2017** at the **Windsor Locks Diner** (255 Main Street, Windsor Locks, CT) starting at **9:30 AM**.

**Directions:** Easy off I-91 exit 45 for East Windsor, Warehouse Point, CT Rt 140.  
Go West over the CT River to Windsor Locks, turn right on Main St. and just up a little on the right – Windsor Locks Commons.

The idea is to get more local participation. It's no longer easy for many of us to jump into our Healey and drive three or more hours to a Healey meet. This will not replace the New England Region Summits or other meets one wants to attend in other Wing events outside our own. We will be meeting as mini-clubs to bring our Club closer to our members.

We need ideas about local events, day trips, tech meets – also different places to meet to make it more accessible to all in Wing 2. Jud Perkins, our incoming Club President plans to attend to further explain the goals of the reorganization and get your thoughts on the Wing concept.

**Please RSVP by January 19 if you can attend (with spouse?).**

**THANKS.  
LEN BACH**

*Anyone with questions about Wing 2  
may contact Len Bach at 860-875-8855 or email [SummitM9@aol.com](mailto:SummitM9@aol.com)*

# HEMRI (WING 4)

Healeys from E. Mass and R.I.

*Regional Event by Steve Bell*

The next gathering of **HEMRI Wing 4** will take place on **Saturday, January 21st at 9:30AM**, a breakfast gathering at Good Days Restaurant at 99 S. Main Street - Route 28 -West Bridgewater, MA 02379.

We will be looking for ideas for one day local events to discuss. Many of us live in an area that has interesting stuff that we just take for granted. Perhaps you can give this a thought before we gather in January. We would like to start to put together a potential calendar of events. These can be seasonal attractions, local museums, local car collections or other motorabilia or perhaps a more formal dinner gathering as a change of pace?

***Please bring your spouse!***

**Please RSVP by January 19th to Pete Sturtevant [healeybn4@comcast.net](mailto:healeybn4@comcast.net)**

*Anyone with questions about HEMRI  
may contact Steve Bell at 508-947-6499 or email [scbell1@comcast.net](mailto:scbell1@comcast.net)*

## WING 5

Northshore & Eastern Mass.

*Regional Event by Rick Neville*

Happy New Year to All!

Our first meeting of 2017 will be held on **Saturday, January 21st** at Grassfields, 880 Lexington St., Waltham, MA: <http://www.grassfieldswaltham.com/> It's a short hop off Route 128 and should give our non North Shore members a shorter drive. We can gather in the bar at 11:30 a.m. with an aim to sitting down for lunch at noon. I've been there a number of times and the menu is varied with something for everyone. Menu and directions are on the restaurant website.

Please join us as we'll have much to talk about coming one week after the club's general meeting in Sturbridge. You can also tell us what Santa left under the tree for the Healey!

**Please RSVP by January 19th if you're coming so I can give the restaurant a count.**

Despite my best efforts to NOT organize anything, it seems folks still had a great time at KIP weekend. The weather was rainy and cold, the sun shone for about seventeen minutes but at least the wind was not blowing up a gale. There was no car show, rally, gymkhana, Chinese Auction or banquet dinner. Well then, you might ask, what was the attraction? REST and RELAXATION. This may be starting a trend!

Twenty-one hardy souls made the trek to the Pilgrim Sands Motel located at Long Beach in Plymouth, right on the water. The rooms on the backside have a great view and there is a peaceful serenity in the evening.

A somnambulist's perfect setting.

On Friday evening seventeen strong ventured out in the rain for dinner at Woods Seafood Restaurant on the wharf in Plymouth Harbor. Completely satisfied, all returned to the motel to join the locals in the bar enjoying some rather loud, but fun, live music. Our true colors must have been showing because we all decided it was just too damn loud for us! So we decided to bother Carole and Don Paye by sitting outside their motel room door on the deck for the next few hours. There were "goodies to be shared as we chatted, laughed, regaled at remembered stories and engaged in "Healey Folklore".

On Saturday morning folks did whatever they wanted to do. Several went to Plymouth to walk the oldest streets in the US and visit the many shops that were starting the process of boarding up for the winter. One member decided to revisit "Plymouth Plantation" while others went onto Cape Cod to visit an auto museum. Some just sat on the back deck and continued with the past evenings diatribe.

A car tour had been suggested for the afternoon and most seemed willing to "give it a go". So a hastily organized luncheon of pizza from the local neapolitan provider found everyone gathered in the lounge munching our way through a simple, satisfying lunch.

The weather was quite cool and showers were still expected most everyone still had their tops up, especially the BJ9's and even Steve and Sue Bell had the top up on their Sprite - a rare sighting! As the line of cars made their way into Carver and a stop at the Flax Pond Cranberry Company, a bright burst of warm sunshine greeted the tourists for all of about four minutes. After a great "talk" given by Jack Angley, our local cranberry expert, we watched an original antique wooden cranberry sorter in action, a very rare sight these days.

The drive continued through Carver until we found water harvesting taking place at one of the local bogs. The entourage pulled off onto the sandy shoulder of the road and out came the cameras, the questions and the amazed faces. We did not overstay our welcome as another huge, hauling-truck was expected and we needed to vacate his "parking area". It was a short drive back to the motel and the good news is that no one got lost and Dale Dunnell did get to see some sun.

Upon our return, some of us gathered on the back deck, where we were joined by Bruce and Jane Ketchen, local club members, who dropped by to see what all the fun was about. During our chats a group of women showed up, carrying yellow roses and colorful balloons. We came to realize we were to witness a burial at sea. Sure enough, each member off the group walked to the edge of the water to toss their flower into the sea. The release of the ashes was followed by a release of balloons. A somber occasion, to be sure, but one which caused further reflection on our part.

Prior to going to dinner, Robert Scala brought down his guitar and serenaded us with some of his recently released musical memoirs. Bruce and Jane accepted our invitation to join the group for dinner and off we went to the British Beer Company in Manomet - FOURTEEN miles away. There seemed to be one hard of hearing person who was spreading the rumor it was FOUR miles away, causing some folks a bit of consternation as they continued to drive and drive down what was a long, dark twisty road on a cold, raw and rainy night!, thinking they had gone way past FOUR MILES. But no one got lost and the warmth and great food that greeted us quickly dispelled any unhappy thoughts away!

There was no shortage of appetites amongst the revelers and the variety on the menu pleased everyone. Healey people also do a great job of conversing on subjects other than Healeys. Bruce Ketchen and Walt Michaels spent a good portion of dinner discussing the merits of Model A Fords ownership. I was privy to discussions on decor, boats, travel and our missing members. There is always a good story or two to be had there!

Back at the motel, the lounge was still much too loud and it was too cold to sit on the deck outside the Paye's room, so we did the next best thing. We all went INSIDE the Paye's room. There were seventeen who brought in deck chairs, made use of the furniture provided within the room as well as the bed. At this point, I need to remind the participants that ***"what happened on Plymouth stays in Plymouth."*** Desserts were passed around, libations were acquired from the bar and a wonderful discussion ensued, although it could have been called a business meeting. Jud Perkins got to try on his new hat and lead a very good discussion related to the new "wings" concept. There was additional discussion about charities and possible donations from the club. Treasurer, Carl Carvell, kept us informed of our current membership and finances. Lots to be considered as our club moves forward.

Carole finally decided she needed to get her sleep so we were all "kicked out". As one might expect, on Sunday the skies were bright and cheery - the rain and clouds long gone, but still quite cold. The morning news reports spoke of "snow in them there hills" and members who were headed back for those regions didn't want to even consider that possibility. We all said our goodbyes and farewells and as folks departed, we all agreed it was good to get together and do nothing all weekend!

***STEVE BELL***

### *Regional Report by David Snetro*

The first Region 3 “Wing” meeting was held on Saturday December 3<sup>rd</sup> at the beautifully decorated Griswold Inn in Essex. Once we finally settled down to a perfect table for 12 the meeting commenced with a brief introduction to the “Wing Regional Concept” by our incoming President, Jud Perkins. Our attendance was good for the short notice with 12, including several spouses, adding to the spirited conversation. Lunch was great as were the Holiday refreshments!

Several ideas were suggested for the upcoming 2017 season that will supplement the existing event calendar in Wing 3. For example, we have had success with The Sergio Franchi Concert in Stonington with 10 Healeys on exhibit. The suggestion to expand that representation with more cars would encourage more attendance. Other ideas came from Pam Snetro (spouse) to work with local magazine publications for human interest coverage related to our club. Tom and Barb Klin also threw their support behind continuing with their great event at the Essex Yacht Club and CT River Valley rally.

It was great to see the flow of ideas from all at the meeting. It is very evident that the “Wing concept” is off to a great start. We touched on topics such as Meetings at local Cruise Nights, conducting a push to actively search out new members, having a British Invasion Car Show with proceeds going to a specific charity, hosted at Pine Orchard Yacht & Country Club (David Snetro’s idea) and having monthly meetings at different localities to be more inclusive of all regional members. Needless to say that there was no shortage of ideas. Our next meeting **(to be announced)** will try to encourage members who have not attended past meetings to reach out to me for ideas and localities for future meetings.

Last but not least, Jud discussed having names for the different “Wing Regions”. Tom Klin piped in with his suggestion for “The WingNuts”, my first inclination was No, but I couldn’t get the name out of my mind the rest of the weekend !! (see below)
