

PRESIDENT'S LETTER

BY JUD PERKINS

Let's get our cars cleaned up and ready to run, warm weather is approaching!

As winter starts to fade, we start looking towards the driving season. In that regard, on April 10 at 8:00pm and continuing on the second Monday of each month, our Technical Committee Chaired by Peter Sturtevant will be hosting our second Technical Forum. We will send a general mailing to all members in advance announcing the subject matter and the call-in information. Anyone who has an interest may call in.

The first forum was a big success with 25 members joining the call on ignition systems. Each call will feature a panel who will give brief presentations on the subject matter and then will take questions. We ask that you try to keep the questions on the subject matter.

If there is a subject that you would like addressed feel free to send Peter an email healeybn4@comcast.net. These sessions are a result of you indicating on our Annual Survey a desire for more technical information.

The Wing Coordinators and each Wing have been working on developing an event schedule for the upcoming season. The preliminary schedule is included in this month's Austin Healey Exhaust Notes. We think you will like the programs each Wing has developed.

Further, the Wing areas do not have fences around them, so if you see an event you would like to attend in another Wing, feel free to contact the Wing Coordinator and let them know. One exception to this could be events within a Wing that will take place at a person's home, where there may be space limitations or events with capacity limitations, but again feel free to contact the Wing Coordinator.

Mark June 25-29 for **Healeys in the Berkshires** Summit at the Jiminy Peak Resort.

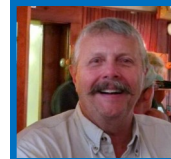

HAPPY HEALEYING.
JUD

**I would like anyone in the Club to feel free to contact me
with thoughts on how we can make your Club better.**

VP RAMBLIN'

BY DENNY BROUGHEL

VP RAMBLIN'

As I write this month's VP Ramblin' I can't help but notice that the sun is getting higher in the sky and the days are slightly warmer and much longer.

For the first time, I stored my Healey in another facility and not in my garage. I must tell you all that I missed my black over white beauty. I didn't realize how many times I take the cover off and tinker with little jobs. Now that I have the room on my garage floor, I can start the process of gathering my "STUFF" for the Carlisle Import and Performance swap meet & show. This year the club sponsored event will be held May 19-21. For those of you who have never experienced the Carlisle show, it should be on your automotive bucket list.

If you have spare parts, and not only for your Healey, but other European cars. There is a very good possibility you go back home without the parts and with some extra cash in your pocket. As usual we will have the club tent set up. I know that our Australian G'day mate & proprietor of the Bug Eye Barn in Melbourne will be joining us as usual. Steve Bell is the contact person and he can answer all your questions.

For those who have never gone on a Austin Healey bonding trip, come join us!

THANKS,
DENNY

Summit at Jiminy Peak Mountain Resort

June 25-29, 2017
Sunday - Thursday

The Austin Healey Club of New England will be celebrating its 20th anniversary annual **Summit** event in the Berkshire Mountains of Western Massachusetts. We will be returning to the Jiminy Peak Resort where we hosted Summit in 2010. This year's event will be spiced up by the Roll Back in Time Sock Hop and Dinner with Wolfman Steve as guest DJ plus two events designed just for the ladies. AHC-NE cordially invites all Austin Healey club members to participate in this annual event.

One bedroom suites will be at the Jiminy Peak Resort. Double occupancy rates are \$125/night plus tax including breakfast. Two bedroom (\$169 & \$229 Deluxe) and three bedroom condos (\$229 & \$349 Deluxe) with breakfast are also available in adjacent buildings. After registering with the Club call 413-738-5500 option 2 to make your reservations. Mention **Austin Healey Summit 2017** to get these special rates.

The Registration form is attached or for further details and to download a registration form visit:

Jan A. Griska, 72, of Rindge died Thursday, February 2, 2017 in his own home.

His wife and daughters, with Hospice assistance, cared for him during his short illness. He was born in Waterbury, Connecticut on March 25, 1944. He was a self-made man. His father died suddenly when Jan was 15 and Jan apprenticed in a factory as a machinist to help support his mother and younger brothers. In 1963 he joined the Navy and trained as an Electronic Technician. He served five years including a deployment to Vietnam. He saw many countries in Europe during those years as well.

He could repair anything including a car, a machine, plumbing, electricity and any woodworking project. He was an avid reader and was rarely seen without a book. He had a keen interest in the environment and could identify most of the flora, fauna and creatures of the woods. He enjoyed the outdoors and liked to fish, although his other pursuits limited his time in doing that.

Between work and pleasure, he was proud to say that he had visited all 50 USA states, actually lived in five. He was an experienced off-road enthusiast and master "Tread Lightly" Trainer. He participated in over 25 events with "Jeep Jamboree USA" taking him and his wife all over the country. So many beautiful and natural sites were provided through these events.

He is survived by his wife of 51 years, Marilyn (Schmitt) Griska, daughters Michelle and Dawn and their life partners, and brothers Dr. Joel Griska and Jason Griska and their spouses. He also leaves many cousins, nieces and nephews. A memorial service will be held in the summer at the Cathedral of the Pines Mother's Garden in Rindge. In lieu of flowers, the family requests memorial donations to either the Jaffrey-Rindge Rotary for "Camp Quest," or the "Got Lunch" program of the Rindge Congregational Church.

Healey Highlights at Scottsdale Auctions 2017

By Ted Cryer, Wing 1

I am fortunate to have friends with a winter home near Phoenix and accepted their hospitality during the week of the collector car auctions in Scottsdale this January. What a fun and interesting time it was. Although I made notes on all the British cars, my focus was on Austin Healeys.

We viewed the Bonhams, Barrett Jackson and RM Sotheby's Auctions. We skipped the Russo & Steele, since they only offered a few Brits.

Austin Healey was the second most offered marque, after Jaguar, with 15 examples across all the models.

The author, Ted Cryer, beside a 100 S at Bonhams.

My highlights:

Bonham's Auctions: My primary goal was to see the **100S** that was featured in the January issue of Healey Marque so this was the first auction we visited. This is only the second 100S I have ever seen and I took in as many details as I could. What a treat! While I was looking it over (drooling) John Nikas, of Drive Away Cancer fame for his crossing of the USA in a 100-4 named Grace, walked up and we chatted for some time. John now works at Moss Motors and was assisting with the auction of the 100S. Although not it did not have a storied race history it still drew \$539,000, including fees. There was also a very nice black over red BN1 with a factory Le Mans Kits that sold for \$61,600. The only other Healey at Bonhams, a fresh Healey blue 1961 MK1 with a hardtop & upgrades, did not make reserve.

Barrett Jackson is the big attraction and it's where the action is. My favorite was an Old English white 3000 MK1 that included a hard top and disc brake upgrade which sold for \$77,800. There were six BJ8s. The two top sellers were both recent complete restorations that went for \$78,100 in Healey Blue and \$77,000 in white. The other four BJ8s averaged \$50,000 apiece. There was one Bugeye Sprite and it sold for a strong \$33,000. It was an older frame off, not to original specs restoration painted silver with a full leather interior and MiniLites.

RM Sotheby's had three big Healeys. My attention was on 1956 BN2 100M that sold for \$163,000. A very fine example in white over Lobelia blue being sold by a long time owner who proudly showed me its details for a half hour. Next was a Healey blue BN1 that was fresh from a full restoration and sold for \$82,500. The last Healey at RM was a 1960 BN7 restored by Kurt Tanner which found a new owner for \$71,500. I was more impressed by this Healey than the BN1, particularly for \$11,000 less.

Roger Pensky Racing Museum: Lastly, if you are kicking around Phoenix I suggest you don't overlook the Roger Pensky Racing Museum. The museum is nestled among dealerships for Ferrari, Lamborghini, Bentley, Maserati, McLaren, etc. You name it, it is there and in any color. On the museum floor there are a dozen famous race cars varying from Indy 500 winners, numerous CART winners, IMSA Porsche and a 1963 Pontiac Catalina the Roger himself won in. The numerous engines on display are also very intriguing. Definitely worth a visit!

FOR SALE :

1958 Austin Healey Mark I— AN5 Bug Eye Sprite

\$25,000

This Olde English White car HAN5-L/2149 has all of the upgrades one could want. This Arizona car was restored by Sport & Specialty, Durand, IL. The Victoria British wiring and interior (red) were installed by the previous owner. Since I have owned the car, additional parts were purchased to complete the restoration. This work as well as routine repairs and maintenance have been performed by K&T Vintage Sports Cars.

The car has the following:

- Restored 1275 cc engine (less than 1,000 miles)
- Rivergate 5 speed conversion kit for Nissan transmission.
- Front wheel disc brakes
- Wire wheels
- Moto-Lito steering wheel
- New convertible black top **and** New side curtains with bag
- Air pump, tool kit and shop manual
- California car cover
- Pennsylvania Title
- British Motor Industry Heritage Trust Certificate

The car runs great. Before and after restoration pictures and invoices are available upon request. In the most recent issue of Sports Car Market Pocket Price Guide the median value of a Sprite Mk I Bugeye/Frogeye is \$ 20,700 and the high sale is \$ 48,400.
