

PRESIDENT'S LETTER

BY JUD PERKINS

TAKING STOCK...

In the nine months since we announced the Wing concept, lots has happened in the Club. We now have 318 members including 27 new members this year. This is over 10% of the national club's membership. In the last six years, we've added 93 new members, almost one-third of the Club. Welcome to new members and all of our existing members who helped introduce the new folks to the Club.

One goal of the Wing concept was to bring the Club closer to its membership with each of our Wings hosting local events. We have done that with events in every Wing. Thom Webster's Lobster Feed and Boat Cruise attracted 49 Club members from every Wing in the Club. Our Spring event to tour the Roosevelt Mansion had members from three Wings. Clearly Wings have no fences.

This past year we've done four surveys of Club members to get your input to help organize the Club's activities. One was a general survey where we learned the number #1 reason for joining the Club was Tech information. 43% or 42 of the 105 members who responded asked for event information more than 4 weeks in advance, 85% or 85 Club Members said more than three weeks. Over 60% or 61 of you said you wanted event specific mailings. 80% or 81 of you said you wanted events closer to home, reinforcing the Wing concept.

In response to the request for Tech Information, we did a Tech survey and initiated Tech Sessions by conference phone where each month over 20 Club members participate in discussions of various Technical subjects. 44 Club Members said Tech Notes were the first thing they read in Exhaust Notes.

Healey's in the Berkshires – Summit 2017 was a big success and your comments were universally positive. Great input was given by the women in the Ladies Survey. All this information will be used by next year's Summit Committee to help plan Summit 2018.

The Website has added a Members Only section that features a Resource Guide and a guide to on-line services. Club members are using these valuable resources. We've nearly doubled the number of Club initiated events and while we'd like to see a few more of you at events, we are seeing lots of new faces and everyone attending has been enthusiastic.

Our newsletter Exhaust Notes continues to be one of the finest newsletters in the National Club. All of this has been accomplished by a dedicated group of Wing Coordinators, Club Directors and Club Members. We owe them all a special thanks.

*HAPPY HEALYING,
JUD*

I would like anyone in the Club to feel free to contact me
with thoughts on how we can make your Club better.

WANTED :

We are looking for one or two enthusiastic members who are interested in helping us with the ever evolving changes in the club:

1. Ladies Coordinator

You know from experience what women who often occupy the right-seat would like to do when the day's destination has been reached. Do you have a knack for taking an idea and developing it into an event that appeals to women? Come join us and help us create a calendar with events that will get the Ladies excited & smiling!

2. Publicity Person

Do you always seem to know exactly who to contact when the word needs to be spread about an event or a bit of good news? Perhaps you would like to help spread the word about our events & assist with developing a link with our chosen charities to showcase our fundraising efforts.

**Please contact Jud Perkins at
860-204-9168 or juds3000@comcast.net**

**When you need help
with your Healey...**

"Hello Everyone,

My name is Damian Broccoli from the North Texas chapter. On the evening of September 2nd of this year I'll be getting married in Waterbury CT. Unfortunately due to the distance, I can't get my car up there for the wedding, and my fiancée and I would love to have an Austin-Healey there for pictures and a "getaway" car. The truth of the matter is that the "getaway" would just be for a fake drive off and pictures, and then that's it. So we're looking for some help on this. While I would love to have a Sprite there (I have a MKIV) we'd take any one we can get to make the event that much more special. Can anyone help, or maybe point me in the right direction of an available member? Thank you all so much."

And so the story started with the request from this Austin Healey owner in Texas, if someone in NE could loan a Sprite for pictures and a "get away" photo shot at their wedding in Waterbury, CT. Damian Broccoli is a AH Delegate for the North Texas AHC and owner of an AN9, who mentioned that he met our own Steve Bell at Delegate meetings. The wedding was to take place in Waterbury, which is in the Wing 2 area!!.

I contacted Damian Broccoli by email and mentioned I would ask around. He came back and said a Sprite may not be able to accommodate his bride's dress. So I offered our BJ8 - he said that would be perfect. I called Damian in upper Texas (away from *Harvey*) and set everything up. Arrived at the wedding site, was contacted by Damian, and after the wedding, he and his bride along with their photographer came over for a photo shot.

Everybody realized both he and his bride would not fit in the car -

"How about if they just leaned on the car for some casual shots?"

They both liked the car for their wedding pictures - were very appreciative of our car and my time to loan it for their wedding and promised to send me some copies of the pictures. Fun time!!!

NORTHSHORE WING
ESSEX RIVER (MA) CRUISE & FREE LOBSTER FEED
August 19th

How many people know we have two Capes in Massachusetts? Sure, everyone knows Cape Cod, named after the state fish. But we have another, Cape Ann, named by King Charles I to honor his mother, Anne of Denmark, and located 30 miles northeast of Boston.

Cape Ann has all the good stuff of the other one, beaches, ocean, scenic drives, lobsters and fried clams, but with less traffic and crowds. Folks summer here for the whale watches, art galleries, and sand dune bordered beaches.

So, with the desire to share the beauty of this area with members of the Austin-Healey Club of New England, the North Shore Wing invited everyone to the “Essex River Cruise and Lobster Feed”. We also had another motive. We wanted to put in a bid to host “**Summit 2018**”, the region’s premier annual meet, and this was going to be a test run.

The day started out a bit cool and drizzly for August, but that didn’t stop the faithful from showing up dockside on the Essex River in their Healeys, dressed for the weather in their finest raingear and topsiders. Almost 50 of us boarded the *Essex River Queen* for a two-hour cruise that *Yankee Magazine* describes as “A glittering coastal view few travelers are lucky enough to see.”

It didn’t disappoint as we travelled through the salt marsh estuary, alternating between spotting coastal wildlife and sneaking views of “summer houses” that most of us never get to see beyond the iron gates that secure them from the local highways. For this is also known as the “Gold Coast” and the “summer houses” were mansions where once some of the wealthiest of Boston Brahmins came to escape the city’s summer heat.

All that salt air and views of diners snarfing seafood in the waterside restaurants had us all a bit hungry when we disembarked and it was time to head to nearby Magnolia for the lobster feed, but not before we toured a bit of rocky coastline.

Upon arrival at the home of our hosts, Tom and Judith Ann Webster, we were met with a setting that would put many weddings to shame. A giant tent kept us from the remaining drizzle while Tom's Model A pickup had just been filled up with a ton-and-a-half of crushed ice from Cape Pond Ice (you'll know that from *The Perfect Storm* and *Wicked Tuna*) to hold all our libations.

And then there were the lobsters!!! Lobster after lobster, served with drawn butter and paired with the traditional accompaniments of a New England summer, native tomatoes and butter and sugar corn. And tons of ham and side dishes for the crustaceanally challenged. **Heaven on earth.**

The sun came out and, filled to the gullet, there was time for Healey talk, friend talk, and “How are the kids doing?” talk, along with recitations of everyone’s medical issues that seem to be taking over a lot of our meets lately. And we gawked at the Healeys, and the Morgan Plus 8 that Steve Vavak snuck in. Then, after a fine day of Healey fun, everyone returned home.

But that’s not the end of the story. Our bid to hold Summit 2018 was successful and next August 5-10, the Austin-Healey Club of New England will be holding the event at one of those former “summer houses.” If you’ve ever thought of visiting New England in summer, this is a great way to do it. A beautiful area, wonderful food and at an extremely attractive room rate for anyone who’s looked at what it costs to stay on the Gold Coast in season. ***See you then!*** We’re arranging a full schedule of events with all the favorites along with alternative tours and locations that will keep everyone engaged.

More information to come soon, but save the dates when planning your Healey vacations for 2018!

*Bye, Bye,
See you at next year's concert !*

The Dream Show

They said it would be a show to remember - they were right!! The show started early and our car was directed under a tent, and placed with other British cars - tent held about 100 cars in different classes.

We were judged around 10:00 AM by Wayne Carini and two other people. Nice talk with Wayne - as nice as you see him on Velocity. He thanked me for showing our car.

The final winner for the class was a beautiful 1935 MG T-type - I would have picked it!

Wayne Carini and Len Bach

There was a continental breakfast in the morning, with sit down buffet lunch with a carving station at noon, this was all included in the admission fee.

The cheerfully decorated breakfast gathering

Our Rick Lees was there on Saturday for the Dream Ride with his son Robert. Rick welcomed us on Sunday morning and said not to forget the exotic cars in the field. As you can see Carolyn liked one of the dozen British McLarens.

Carolyn Bach striking a pose next to her pick of McLarens

There were two truck lots of Ferrari's, many Lamborghini's, Mercedes Benz AMG's and behind ropes, about 6 Pagani's, worth \$2,000,000 each!!

This was a well sponsored, very well staged & planned event by Dean Cusano of Motorcars Inc. in Plainville CT and others. This was all to support the Special Olympics. An astonishing **\$ 1,550,000** was raised by sponsors and participants, benefitting Special Olympics and Other Charities. The weather was perfect, we met many interesting people, and saw many beautiful cars.

Yes, this was a show to remember!!!

Storm King Art Center Tour & Lunch

On Saturday, September 9 Wing 1 hosted an event at the Storm King Arts Center near Newburgh, NY. Storm King was founded in 1966 has over 500 acres of sculptures and art piece. We all embarked on a tram tour of the grounds, followed by time to wander through the Museum and Grounds.

Lunch was on the water at the spectacular Blu-Point Waterfront Restaurant in Newburgh, NY. Our group was expanded by members of the Brits of the Hudson club who joined us. A great time was had by all and the participation of the Brits of the Hudson members allowed us to make new friendships.
