

## *President's Letter*

BY JUD PERKINS

## *Mark Your Calendar, Holiday Party December 7*

The Club holiday party held at the Oliver White Tavern in Old Sturbridge Village is an annual tradition enjoyed by all. Good fellowship, nice meal and a somewhat irreverent gift exchange all make for a memorable evening. If you have never attended give it a try, you won't be sorry and if you have attended welcome back.

Because the restaurant requires a firm count in advance of the event, reservations need to be made and paid for by November 28. To reserve send an email to Len Bach, then a check payable to AHC of NE (\$40 per person) to Len at:

192 Bald Hill Rd.

Tolland, CT 06084-2518

Congratulations to Peter Sturtevant who at the Annual Delagetes Meeting was elected to be Secretary of the national Club, the Austin Healey Club of America. Peter has done a great job as Secretary/Webmaster and Technical Director of our Club and National is privileged to have him. Peter will continue with his current responsibilities with us.

With the exception of the Holiday Party, this past weekend completed our event calendar for the year. I'd like to thank each Wing Coordinator, those that helped plan the events and each and everyone of you who attended. We had a good year with lots of great events, next year should only be better.

Time to begin winterizing our cars, doing all those chores we said we would do in the winter and be ready for a full driving season next year.

Put January 12<sup>th</sup>, 2019 on your calendars for our Annual General Meeting in Sturbridge. We'll be sending out the details as we get closer to January 12<sup>th</sup>.

*Hope to see all of you at the Holiday Party*

*Thanks,  
Jud*

## 2019 MEMBERSHIP RENEWALS

BY LINDA HAKALA, MEMBERSHIP DIRECTOR

It is that time of year again; your AHC of America/AHC of NE membership will expire December 31, 2018. Invoices for the 2019 renewals have been mailed and you should have received your 2019 renewal invoice.

### PLEASE NOTE:

- To be listed in the 2019 National Membership Directory, membership dues must be paid by **January 15, 2019**.
- Any member who has not paid their dues by February 15, 2019 will be dropped as a current member and will not receive the Healey Marque Magazine, AHCA benefits and the AHC of NE event and HEN notices.
- Renewal invoices are mailed to the address on file. If you have moved and have not communicated your address change to AHCA/AHCNE you may not receive your invoice. Please use the form below or online version at <http://www.ahca-newengland.org/join-the-club.html>.
- Membership Dues are **\$50** for National and **\$10** for the New England Club for a total of **\$60**.
- When remitting your payment , please:  
Include your renewal invoice and note any address, phone, email, and Healey model changes.
- For the NE Club only an optional secondary email address (spouse, family member or significant other) can now be included for New England Club email distribution of events. A great way for others in your household to know when events are occurring. Please print clearly the secondary email address to be added.
- Please add your Professional Experience Current or Former if Retired: Including your professional experience will assist the NE Club Officers in reaching out to someone who has an expertise in an area. If you are retired, please show as "Retired-XXXXXX example Retired-Teacher" etc.

Thank you to all members that that have already remitted payment for your 2019 dues. If you have any questions please contact me at, [linda.m.hakala@gmail.com](mailto:linda.m.hakala@gmail.com).

THANK YOU,  
LINDA HAKALA

## SUBJECTS COVERED DURING OUR NOVEMBER 2018 TECHNICAL CONFERENCE CALL

### 1. INSTALLATION OF NEW SEAT FOAM

I purchased new seat covers and seat foam from Moss and am starting to install them into my BN2. I have read and seen videos where they glue felt to the top of the foam. Is this necessary to do this with the new seat foam? I assumed that the covers were not glued to the foam, but I have seen it done on a video.

#### **ADVICE:**

*Advisor: replaced seat covers and foam in his BJ-8 and did not glue foam, except wrap around bottom of seat pan. He did not put felt on the foam. Merely replaced the foam, replaced the seat covers and that was that. Did this eight years ago and everything has held up fine.*

*Another Advisor mentioned that he had a chance to get a tour of Moss' trim room. It was a very impressive, all computerized system. The computer will figure out the best lay out of individual pieces and maximize material – it even recognizes imperfections in leather.*

### 2. DOOR SEALS BJ-8

This caller replaced door seals for his BJ8 some years ago, but they keep coming loose

#### **ADVICE:**

*Bristol Flex has the better clamping system ( available through Mark McGregor), which will stay on for a long time. Since this member did use the Bristol Flex seals, he may need to either squeeze the clips with pliers in order to stay on or use some type of glue/sealer to restore the door seal trim into place.*

### 3. WALNUT DASH INSTALLATION BJ8

This caller was looking for advice on how to install a new walnut dashboard in his BJ8

#### **ADVICE:**

*The technical advisors suggested the member search on YouTube for a video.*

*One member mentioned he had researched the project himself and found it not a very easy job to do: you have to be nearly as flexible as a contortionist! And please make sure you get all the wires out of the way – they are easy to get caught.*

### 4. HOW TO REFINISH A FACTORY HARDTOP

The caller owns a factory hardtop, which at some point was repainted with a shiny paint and would like to repaint it. Should he stick to the original factory colors of white or black or paint it to match his car?

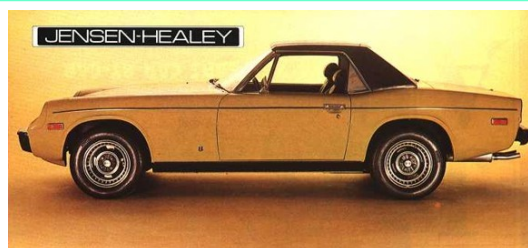

#### **ADVICE:**

*Hardtops only came in white and black from the factory.*

*But of course you are free to paint the hard top in any color to match your car unless you are trying to achieve concours status for your car.*

## 5. PREPPING YOUR HEALEY FOR WINTER

- ♦ Take your battery out and either hook up a trickle charger or just store it. The technical advisors also discussed the use of **CTEK** or **BatteryTender** chargers, which are designed to test your battery condition, keep the battery charged and monitor it to maximum battery life and performance. These chargers are readily available online for approx. \$ 50.00
- ♦ Top off your fuel tank, add the appropriate amount of Star Tron fuel stabilizer and run the engine for a little while to distribute stabilizer through fuel system.
- ♦ Check and top off the antifreeze  
NOTE: if you converted to an aluminum radiator, make sure you use the appropriate antifreeze which is especially formulated for aluminum.
- ♦ Install your top up and roll up your windows or install your side curtains.
- ♦ Pump up your tires
- ♦ Last, but not least: set out your favorite mouse trapping devices baited with peanut butter and peppermint scented deterrents, or store your Healey inside an inflatable CarJacket storage bag. Available from CarBag for approx. \$ 250.00 – make sure you follow their directions.

## JENSEN HEALEY VIDEO CLIP

<https://justbritish.com/jensen-healey-video-of-the-week/>

Our Video of the Week this time round features the short-lived collaboration between the folks and Jensen and Donald Healey. The Jensen Healey has long been one of personal favorites with a body style that seems somewhere between a muscular Spitfire and a slimmed down Mustang, a Lotus engine, and a comfortable, almost plush, interior.

For those who don't know, or have forgotten with our increasing age, the **Jensen Healey** was a two-seater convertible sports car, in true British fashion, produced from 1972 to 1976. Even though it was only produced for about 4 years, it was the best selling Jensen of all time. In total 10,503 (10 prototypes, 3,347 Mk.1 and 7,146 Mk.2) were produced by Jensen Motors Ltd. in **West Bromwich**. A related and rare fastback, the **Jensen GT**, was introduced in 1975 but did not include the Healey badging.

Launched in 1972 as a fast luxurious and competent convertible sports car, the Jensen Healey was positioned in the market between the **Triumph TR6** and the **Jaguar E-Type**. The 50/50 weight balance due to the all alloy Lotus engine led to universal praise as having excellent handling and performance.

For more information on these increasingly scarce cars, make sure to check out the **Jensen Healey Preservation Society** and the **Jensen Healey Owners' Club**.

# Tech Session at The Pellegrini's Home with Jay Statts

*by Jud Perkins*

Saturday November 3 dawned bright and rainy but it didn't deter Club members from attending a Tech Session hosted by Bert Pellegrini with Jay Statts: ( [mgal957ct@aol.com](mailto:mgal957ct@aol.com) - 860-526-4256) providing technical support. Notwithstanding the weather, everyone enjoyed the beautiful fall foliage on their drives to Bert's house.

Club members came from as far as Rhode Island and Massachusetts to hear some of the mysteries of the SU Carburetor be unlocked by Jay. Those attending included Ted Stanton, Jim Healy, Phil Turkington, Charlie Brantley, Ken Glidden, Jud Perkins, James Constantine, Jay and Bert.

Jay disassembled and reassembled a pair of SU carburetors and gave tips on mixture and idle adjustment. In addition, he fielded everyone's questions on a variety of subjects.

Bert showed us his current project which is a 1960 Jaguar that he is doing a frame off restoration on. A big project which is in good hands.

After the session everyone assembled at a local eatery for lunch and sharing stories.

## British car club members, enthusiasts and friends,

**MOSS Motoring** editor **David Stuursma** is working on the next couple of upcoming *Moss Motoring* magazines and is calling on all Healey club members to submit photos, stories and questions. If material submitted is used in the magazine, you will receive a credit to your Moss Motors account with a gift of \$50 (or more if the content is longer).

Please submit your entries to David Stuursma at: [editor@mossmotors.com](mailto:editor@mossmotors.com)

### David requests entries in the following categories:

#### 1. Winter LBC Garage Scenes

I was sent a delightful story that reflects a winter memory from years ago and I'd love to show some imagery that captures and adds to the blustery Christmastime spirit of it. It's tricky finding winter photos with British sports cars. If you have a winter photo with your car—either on the road or being worked on in the garage/shop—this would be a big help! And do include a short paragraph or two that helps describe the scene. Thank you!

If possible, please send photos that are a pretty big file size. That will make my graphic designer's day.

#### 2. Best of Friends

Are you great friends with someone primarily because of British cars? Here's your chance to send in a pic (or two or three) of the two of you and embarrass them with a story of your antics together.

#### 3. Ask Graham Robson

*Moss Motoring* has had the privilege of a regular column by Mr. Graham Robson. He's a great guy with encyclopedic knowledge, who aims to please. He asks me regularly if there's anything I'd like for him to write about. I asked if he'd be willing to answer questions from Moss customers and he replied:

**I don't mind being involved in an 'Ask Robson' dialogue, just so long it doesn't mean me having to advise on things like the best Lucas fuse to use for a 1954 MG TD, or the best tyres for a Triumph TR4. My expertise, if there is one, is not to know everything technical, but to know most things historical, the persons once involved, and the whys and wherefores of the British 'classic car' industry ...**

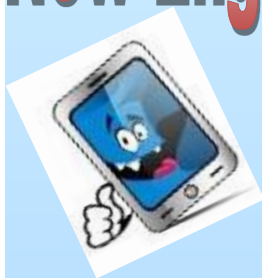

Send me the questions you've always wondered about and I'll pick out some good ones for Graham!

Thank you so much!

### Free to a good home :

#### Valve Cover from BT-7

I have an Austin Healey valve cover (from my BT-7) that I have to part with.  
Some folks use these to make a kind of racer.  
We are moving—don't wait too long!

**Please contact John Houlihan [d designer@aol.com](mailto:d designer@aol.com)**

## OUR CHARITY FOR THIS YEAR : LEADERS IN RESEARCH

**Shriners Hospitals**  
for Children®—Springfield

**Shriners Hospitals for Children** strives to transform children's lives by providing exceptional health care through high-quality, innovative research in a patient and family-centered environment. They are committed to the pursuit of seminal, cutting-edge discoveries that result in new knowledge and improve the therapeutic treatment, quality of care and provided outcomes to their patients and their families. Today's research is tomorrow's patient care!

**When organizing or attending a club event, why not 'pass the hat' or find other creative ways to raise some funds to benefit the Shriners Hospital of Springfield, MA. Shriners Hospital is the charity selected by Austin Healey Club of New England members at our annual meeting as the worthy cause to support this year.**
