April, 2022

AHC of New England

The president's Letter

April 2022

Greetings, thank you to all who participated in the March 19th Planning Meeting. Wing Coordinators came through with a wonderful list of events which are now listed on the AHC-New England website www.ahca-newengland.org. Check out the events and I am sure you will agree there will be plenty to do this driving season. Jud Perkins has agreed to provide global management and support for our event schedule. I suggest you pick out a few events and get them into your calendar.

Wing coordinators will be issuing periodic updates with information you need to know to get the most out of each event. It's a good idea to reach out to the wing coordinator or event sponsor to let them know you are planning to attend. This information is important for planning and in many cases advanced reservations.

Jane and I will be hosting a one- or two-night tour to historic Sandwich, MA on Cape Cod in May. See event schedule on our club website for date. As Patty Page said "if you are fond of sand dunes and salty air.... you're sure to fall in love with old Cape Cod."

Sandwich is the oldest town on the cape. It has a delightful downtown Historic District with quaint shops and restaurants in addition to many nearby museums and attractions. Google "Ten best things to do in Sandwich" and see for yourself. Two places that I will be visiting include the Cape Cod Canal Visitors Center www.capecodmuseumtrail.com and Heritage Museums and Gardens www.heritagemuseumsandgardens.org.

Jane and I will be staying at Sandwich Lodge and Resort, a short distance from the Sagamore Bridge, downtown Sandwich and within eyesight of the canal. The lodge

rooms are clean, comfortable, and reasonably priced around \$100/night plus tax. Call: **800.282.5353** for reservations. There is room to socialize and an indoor pool at the Lodge. Sandwich Lodge is next door to a new local tavern/grill for those who appreciate being able to walk to lunch or dinner. We will schedule a driving tour along historic Route 6A as well. Please let me know as soon as possible if you are interested in joining us on the cape and make your overnight reservations directly with the Sandwich Lodge and Resort.

Again, please check out the club website for a complete list of events and reach out to Wing Coordinators and event hosts to let them know if you plan to attend. I have a link to the AHCA New England website on my computer desktop which I check often. Lots of other information there as well. A special thank you to Peter Sturtevant and Rich Ray for keeping us informed. Now that the salt has nearly washed off the roads it would be a good time to fire up your Healey. Look forward to seeing you on the road.

AHCNE Charity Drive

I propose a President's Challenge to AHCNE members as follows: The Austin Healey Club of New England has chosen to direct our 2022 charitable donations to the Surgical Intensive Care Unit, Ellison 4, Massachusetts General Hospital. Members who attended the Annual Meeting Zoom call heard first hand from our member and front line worker Sharon Brackett about the intense pressure nurses have endured during the Covid pandemic. Often working multiple shifts, foregoing food, family and personal well-being nurses sacrificed much for the common good. Your contribution will be used to purchase basic creature comforts including but not limited to face lotions, and healthy snacks. Rick Neville will be coordinating delivery of care packages as funds permit. Personally, I have donated what I would have spent on a good meal out with my bride had I dared venture out. **I challenge** every AHCNE member to consider doing the same. We owe a debt of gratitude to our front line workers. Members came through by making face coverings when shortages existed. Now that the current phase of the pandemic appears to be winding down, this would be a good time to show appreciation for a job well done. Hopefully we will see Sharon on the road this summer to thank her personally.

Bruce Ketchen

President AHCNE

Editor's Notes

As I put this April issue of Exhaust Notes together it is currently 22 degrees in Atkinson, NH with a brisk 15 mph "breeze" blowing. It sure doesn't feel like Spring has arrived. BUT as you read through this issue and look at all the upcoming events this spring/summer it will be a sure sign that we will be on the road soon. This issue has input from several members including a little look at the past and future look at our club, a recipe from Dutcha that you will want to print and save, and several important updates by Linda Hakala. If you would like to have an article printed in Exhaust Notes please submit it to me in a Word document at RichRay210@gmail.com before the last week of the month.

I have received numerous requests for my picture to be included in my notes so here it is from last summer. Rich Ray

2022 Membership

by Linda Hakala, Membership Director

AHCNE Members,

Thank you all for renewing your 2022 AHCA/AHCNE membership. The 2022 renewal cycle transition to Club Express (CE) did come with its challenges and hopefully the 2023 renewal cycle will be a smoother process for everyone.

The automated system has saved hours of time for the club's membership directors processing renewals and eliminating redundancy in transactions. In prior years I would record & deposit checks for approximately 250 members. Then I would send the National dues for the 250 members to Mike Schneider, and he would have to record the AHCA dues payment for the same 250 members. Online renewals reduce the time spent opening mail, depositing checks, and recording transactions for two Membership Directors. Thank you for your support in streamlining the renewal process by renewing online.

As of 27.Mar.2022 the AHCNE has 333 active primary members including 10 new/returning members since January 2022. You can find the AHCNE membership alphabetical listing or by wing alphabetically in the members only section under NE Membership Listings.

Also added to the members only section is a new Folder – Club Express Documents. In this folder you will find useful instructional documents for Club Express. Check out the Instruction sheets on how to:

- Update Spouse/Partner Information – By adding a spouse/partner's email address they will be included in club email notifications.
- Update Registry Healey Information – You can add your Healey model information and pictures.

The member listing and club express documents can be found at <https://www.ahca-newengland.org/>. Click on the three white bars (top left) and select the Members Only Section from the options listed on the left. The member's only password is "healey". Then select from the listing on the left side for the area you want to explore.

If you have questions about the membership renewal process or Club Express please contact me at linda.m.hakala@gmail.com.

Austin Healey Club of New England - Where are we going?

By Steve Bell

While our focus, as club members, has been to produce a Calendar of Events to be enjoyed by all, promoting social, driving, racing and technical gatherings. It has occurred to me that some members of our club may be a little bit short sighted when it comes to how we try to implement these club characteristics into our various club activities.

Our reminder is constantly before us in the **AHCA Austin Healey** logo, the familiar quartered shield. This was designed by Church & Edie Anderson for the AHCA back in the 1970's and depicts 4 different aspects of Healey ownership; The **Check Point**, representing road rallies, The **Piston**, representing technical activities, The **Race Course**, for racing competition and the **Trophy Mug**, to represent the social & competitive sides of the club. This information can be found in your latest Membership Directory under the History of the AHCA.

With these things in mind, we are constantly struggling with how to move forward. One of our concerns has been how to attract new and younger members into the club. So which of these designated club activities moves us in that direction? How do we decide what we are going to support and what we will not support? Can we point a finger in any one direction and use that as a focal point to solve the problem? Or by removing one does that strengthen our membership?

The truth is that we need to support ALL of the various aspects of our club that attempt to meet these goals, no matter how inconsequential they may seem to us, individually. We all need to look at the big picture. With our "aging" membership some of these activities have certainly lost their luster. I don't intend to spell out every item, but certainly racing and gymkhanas have seen a tremendous drop-off during these past ten years. Does that mean we, as a club, should not support the expenses necessary to keep this aspect of Healey ownership alive? There are members of our club who hold this activity of the club in high esteem. Support comes in the way of new club safety helmets, walkie-talkies for the course workers, timing lights and similar expenses. Only a very small percentage of members take advantage of the resources we invest for this activity. Does that mean we should stop with that investment?

The same can be said for any other aspect of our club shield. If we are concerned about attracting new and younger members we have to introduce them to our cars at events, shows, races, social activities and share technical information. We will meet these people at all sorts of car events. Do we stop supporting any of these events that have a cost associated with them because the event may not be interesting to us?

So please, reconsider how our club assets can be used to strengthen the Austin Healey marque. Our treasury has never been in finer shape and we have the opportunity to invest in our club in some unique ways. I submit that supporting any and all activities

that reflect our AHCA shield need to be realized. Instead of nay-sayers, try becoming more knowledgeable about what your club is doing and support these necessary club activities to the best of your ability, not to the least of your ability.

I am a long time club member and issues come and go. All I will say is that if we do not support each other and support the interests of our entire membership, then we can disband now because it won't be long before it comes to that through disinterest.

I am a believer in positive reinforcement. So start by reinforcing the leaders in our club who are acting on behalf of everyone. Go to a scheduled event. Take that ice cream run, Go the breakfast gathering, visit the car show and bring YOUR car, take part in a technical Zoom call and realize the bounty of opportunities that exist to ENJOY your Austin Healey.... Donald would have a BIG SMILE on his face if you did.

A Dream Come True by Dave Bevan New Fairfield, CT

The year was 1965 when I was 10 years old. Here's where it all started. I was off to my first little league practice to meet my coach for the first time at the field when he drove up in this amazing little green sports car. Lo and behold, I just had my first look at an Austin Healey 3000. It was love at first sight, creating a lifelong impression!

Fast forward 55 years after having had my eyes on these cars ever since, I am in the position to make the dream come true and become a proud Austin Healey owner! I decided I would begin my education process of learning as much as I could about Austin Healey's to be in a good place for making an informed purchase.

My first step was to join the AHCA and become part of the New England chapter since I reside in Connecticut. I bought a number of Austin Healey books including The Essential Buyers Guide Big Healey's, Factory-Original Austin Healey 100/6 & 3000, and of course a shop manual. I also joined several online Healey forums and Facebook groups so I could learn as much as possible. Additionally, I have been taking advantage of the monthly zoom tech meetings for listening and learning.

I am the first to say that I not a mechanic- from my high school and college days I have rudimentary skills in basic maintenance of a car from break jobs, points, fluids/filters changes etc. Therefore, my plan for this purchase was not to be limited by frequent fixing and doing upgrades over time (*although I know frequent attention to a Healey is part of being a Healey owner*), but rather my wife and I want to drive as much as possible taking trips, going to shows, and having fun. Therefore, my search criteria was for an extremely nice driver that had undergone a relatively recent restoration, meticulously maintained, and in really excellent condition.... a solid #2 car.

The research I did enabled me to determine the Healey I was most interested in and narrow down the search to a Phase 2 BJ8. It also gave me a complete appreciation of the history of car, Donald Healey and the beauty of the design. It's no wonder that it is considered the quintessential classic English roadster.

I began to watch the auctions, Bring a Trailer, Hemmings's classifieds, and searches online. This helped me to get a feel for the market, pricing, and value of what you get for what you pay. In looking for a very nice restored #2 car, my budget was set at the 65-75K range.

Purchasing a car from an auction like BaT site unseen was not of interest to me, and it became apparent (*certainly no surprise*) that dealers were too expensive for what you get. So, the advice I was given from club members was the best resource for purchase would be from a club member - honest people with a passion for the marque, fair price, and someone that takes interest in another club member that is just starting out.

With this in mind and anxious to find "the car", I decided to start an email campaign for my search focusing on AHCA members nationally. I sent out 80+ emails to chapter officers across the country with the specs of what I was looking for. The response was

fantastic! I was incredibly impressed by how kind and helpful members of this club are. I spoke with many potentials over several months and I guess because of my discerning wants for the right car, there was only one at the time that was a potential consideration.

It was at this point that club member Pete Sturtevant introduced me to another club member Bob Britton. Bob had a recommendation of a restoration shop in New Hampshire called British Body and Coachworks where he was having work done on his wife's Jensen Healey. He suggested I speak with the owner Mark LeBlanc.

I spoke with Mark on the phone and then decided to head up to New Hampshire to meet with him. I was completely impressed, and after speaking with several of his customers, I made the decision to move ahead with restoring a car. We have now found a project car and are at the beginning of a full restoration.

It may have taken 55 years, but I am so ready to end up with A Dream Come True!!!!"

I will keep you apprised of the progress of the restoration over the next multiple months.

Dave Bevan

New Fairfield, CT

Easy quinoa picnic salad

Quick and easy salad to bring when you go on a summer's drive in your Austin Healey. Versatile and easy to adapt to your own taste.

Ingredients:

- 1 cup dry quinoa
- 2 cups water

- 2 lemons (regular or myers)
- 1 lime

- 2 stalks celery, cut into thin slices
- 1-2 cups grape tomatoes, cut in half on diagonal
- 1 yellow pepper, diced
- ½ red onion, diced
- 1 avocado, diced

- ½ cup feta, cubed
- 3 Tbs cilantro or parsley, chopped

Preparation:

1. Bring 2 cups of water to a boil in medium sauce pan and add 1 cup quinoa. Boil 1-2 minutes and reduce heat to medium-low. Cook for 15 minutes until water has been absorbed. Pour into large bowl and allow to cool
2. Zest the lemons and the lime (keep separate)
3. Juice the lemons and lime (keep separate)
4. Add tomatoes, pepper, celery and onion to cooled quinoa
5. Add juices of lemons & lime in increments to taste
6. Add zest of lemons & lime in increments to taste
7. Add cubed feta cheese to taste
8. Add chopped cilantro or parsley to taste.
9. Add avocado at the very end, so that you won't mush it while mixing the other ingredients.

Hints:

- Refrigerate between adding small amounts of citrus juice and zest to allow

the flavors to blend

- Have you added too much acid? Add some more feta cheese or herbs to balance it out and vice versa.
- Add grilled chicken for a full meal
- Keeps well in refrigerator for 2-3 days

ENJOY!

Dutcha Slieker-Hersant

NEW ENGLAND REGION at Carlisle, PA - 24 Years!

The Import and Performance Show will be held this May 13 & 14 at the Carlisle Fairgrounds in Carlisle, PA.

For the past 24 years the New England AHCA has been at this prestigious show, hosting club members, guests, passing out old *Healey Marques and Chatters*, passing out AHCA registration cards, answering Healey questions and basically acting as ambassadors for our regional and national club.

There is always plenty to do. On Friday the vendor field opens at 8 AM and you can spend the day wandering from site to site looking for all sorts of deals for used and new parts.

The fun is searching and finding that elusive part that has become unobtainium over the years. You can walk by the "Cars For Sale" row and you will never know what you will find. Who knows, you could own another fine sports car before the weekend is over.

Don Paye did that one year and his wife, Carol, still says it was the best car they ever had!

On Saturday, the show field is filled with close to 400 cars, of all kinds and descriptions. Many of the area clubs will have their tents and canopies set up, sharing news items, information and in many cases an adult beverage and maybe even a burger!

It is two full days of enjoyment for the sports car fanatic and you will not be disappointed, even if the weather is a bit damp! Sometimes that makes it even better!

If you have any interest in coming for the day or for overnight, please contact **Steve Bell for further information.

AHC NE - SU Carburetor Tech Session

Saturday May 14th 10 AM

30 McDonald Rd, Wilmington, MA

Roy Crane will be hosting a SU Carburetor Tech Session for tuning your carbs for excellent drivability and balance. Coffee and doughnuts will be available starting at 9:30. This will be a joint AHC NE event with the Bay State MGA club and MG T-Party.

Members will need to bring folding chairs to watch the presentation in front of Roy's garage, with seating on the pavement area. We should be able to wrap up by noon, so those who wish to gather for lunch can do so, at the end of the meeting.

Please RSVP Roy by May 11th

roycrane@verizon.net or 978-761-3930

www.CardoneAndDaughter.com

We have 230 registrations from 40 different Healey clubs from across the States, Canada, and the UK. We are reaching the capacity of many events of Enclave 2022, including room availability at the Kalahari resort. If you are planning on coming to the Poconos, the third week of September, to experience a great International Healey meet, there is no time to wait to register for Enclave 2022.

Register at www.enclave2022.org for the scenic Pocono Mountains of Pennsylvania. The four-county region is famous for its resorts, natural scenic beauty, 150 lakes including Lake Wallenpaupack, and quaint, historic towns. We are fortunate to have a commitment from Blair Harber to bring not only the first production Healey (#138031) plus two pre-production cars: AHX12 and AHX14.

Your week's festivities will begin on Sunday afternoon registration followed by that evening Welcome Reception at the Kalahari Resorts Convention Center and the kickoff of the weeklong Hotwheels racing competition. Monday you will be experiencing the beauty of the Pocono's with our Mountain Rally followed by tech sessions and ever popular valve cover races in the evening. Tuesday will be another action-packed day at Enclave 2022 with Gymkhana, Funkhana, Concours judging, Tech Sessions, and Barbeque dinner followed by the entertaining and rewarding charity auction festivities. Wednesday we will kick off at Pocono Raceway to drive, ride or watch NASCAR stockcars navigate the 2.5 mile "tricky triangle" with the StockCar Racing Experience <https://877stockcar.com/austin/> followed by parade laps in your Healey. Our car show will be held Wednesday afternoon on the streets of Stroudsburg. The vibrant downtown is home to museums and galleries, murals and music venues, wineries, pubs, and restaurants to please every palate. Thursday will host the finals of the Hotwheels competition, additional Tech Session, and our annual Awards Banquet.

Our headquarters for the week will be the Kalahari Resort & Conventions, a full-service vacation destination including meeting & convention facilities that combine America's largest indoor waterpark with the magic of Africa. Kalahari Resorts & Conventions' innovative waterpark, family entertainment centers, luxury spas, adventurous restaurants and convention centers deliver beyond expectations, all under one roof. Whether you are 3, 93 or anything in-between, there is something for everyone!

See you in the Pocono's the third week of September 2022!

Events Calendar

Saturday April 16th, 2022 - 09:00—11:00 AM
Cars & Coffee at Abingdon Spares
900 Industrial Park Road
Deep River CT 06417

Austin Healey Club of New England members are invited to gather at Abingdon Spares for Cars & Coffee, and conversation on Saturday morning, April 16th from 9-11 am. This will be their first one of hopefully many this year, so come early as they expect a big crowd! Hopefully the salt will be long gone and the spring weather will cooperate! Bring your sports car or "come as you are", all are welcome! Rain Date will be Sunday, April 17th, but **only** if Saturday is a total washout. Check here for any updates: www.abingdonspares.com.

What better way to start the exciting new driving season than to meet up with your Austin Healey club friends and talk about our upcoming events while enjoying a cup of coffee. Please rsvp to Dutcha, so that we can let our gracious hosts know how many Healey members they may expect. See you all soon!

PLEASE RSVP by April 13, 2022 TO:
Dutcha Sliker-Hersant
