## AHC of New England

### June, 2022

## Presidents Letter

By now I hope most of you have been out for at least one Healey shakedown cruise. My Sprite is acting up and will likely be getting a new coil and condenser. Who knows when they were last replaced? Hope to be back on the road soon. Earlier in May Jane and I hosted the Sand Dunes and Salty Air tour to Sandwich, MA. Weather was perfect. Read about the tour elsewhere in the HEN. We hope to make this an annual event. Early spring on the cape is delightful, there is little traffic on the roads, restaurants are not packed, and hotel rates are very reasonable. We only scratched the surface of the many treasures the cape has to offer.

If you do not check the club website regularly, I encourage you visit early and often. [www.ahca-newengland.org](http://www.ahca-newengland.org) This is where you will find the most up to date club information including the 2022 AHC NE Event Calendar. The site is really quite easy to navigate and is THE place to find the latest information about the New England and National AHCA.

I remind and encourage members to support our 2022 Club Charity, the Surgical Intensive Care Unit at Massachusetts General Hospital where fellow AHC- NE member Sharon Bracket and her colleagues have been on the front line of the multi-year war on COVID. Rick Neville is heading up the

effort to deliver “care packages” of food and supplies directly to the staff of the unit. Please remember to pass the hat at all club sponsored events. To date we have raised just under \$1,000. We should be able to increase that number substantially.

Wing Coordinators have done a great job putting together events for this driving season. They need your input and help. Think about hosting a tour to some place you enjoy like a local museum, restaurant, Audubon sanctuary, Trustees of Reservations, DCR property or musical event. Wing Coordinators will get the event on the club calendar and can help with advertising. If you have never hosted a Healey event before find another member to help organize and conduct the tour. It’s really quite easy.

Finally, it is not too late to register for Enclave 2022, our international celebration of the 70<sup>th</sup> anniversary of the introduction of the Austin- Healey 100 to be held in the Pocono Mountains of Pennsylvania this September. Over 500 guests have already registered. More information can be found on our website. This is one event you do not want to miss. Remember, happiness comes in every Healey. Get out and share the happiness.

Bruce L. Ketchen, President

## Editor's Musings

Some of you may have heard I sold my 1955 Mercedes 300SLR "Uhlenhaut Coupe" for \$120,000,000.00 at auction last month. My financial advisor, Hans Gruber, said I should move to a higher cash position in light of current market situations. I did notice that our own Rick Neville was one of the bidders...He must be making a fortune writing the Auctions Column for the Marque. I came across a clip from the movie Bullitt that has an Austin Healey in the chase scene. Bullitt Soundtrack - Lalo Schifrin - "Shifting Gears" HD – YouTube. If you are the first AHCANE member in good standing to identify the make, model and year of this (hint) Big Healey you will win a valuable prize yet to be determined. According to one Bullitt movie expert in the club there are 2 Healeys in this iconic movie!

Enough about Mustangs and Mercedes let's talk about Healeys. This action-packed edition has lots of interesting articles, but the best place to find out about all Healey activities both in New England and nationally is our web site: [WWW.ahca-newengland.org](http://WWW.ahca-newengland.org). The password is: healey .

Continuing with Summer recipes I am printing my daughter Gina's easy to make dip. You will love it! If you're on a diet you might want to skip it..

## **British Motorcars in Bristol, Rhode Island**

**June 10th - 11th , 2022 Colt State Park, Bristol, RI**

The British Motorcars of New England is happy to announce that following the success of the 2021 show, the British Motorcars in Bristol 2022 will be held on June 10th and 11th. The event will return to the town of Bristol Rhode Island and Colt State Park. We could not have picked a more scenic venue. Colt State Park sits on the shoreline of Narragansett Bay and offers beautiful views of the bay from our show field.

Friday's schedule will include a cruise to the Rhode Island Veterans Home in Bristol and the Friday evening block party sponsored by our partners in the show, Explore Bristol. Saturday will be show day with up to 40 classes of British cars. This year's plans include more food trucks and vendors, many of them with the emphasis on the British car hobby. There will also be a return of the popular cruise around coastal Rhode Island and Massachusetts.

British Motorcars in Bristol 2021 raised \$2,500 for the Rhode Island Alzheimer's Association and \$1,300 for the local charities supported by Explore Bristol . With the continued support of members and friends we hope to exceed that amount with our 2022 show.

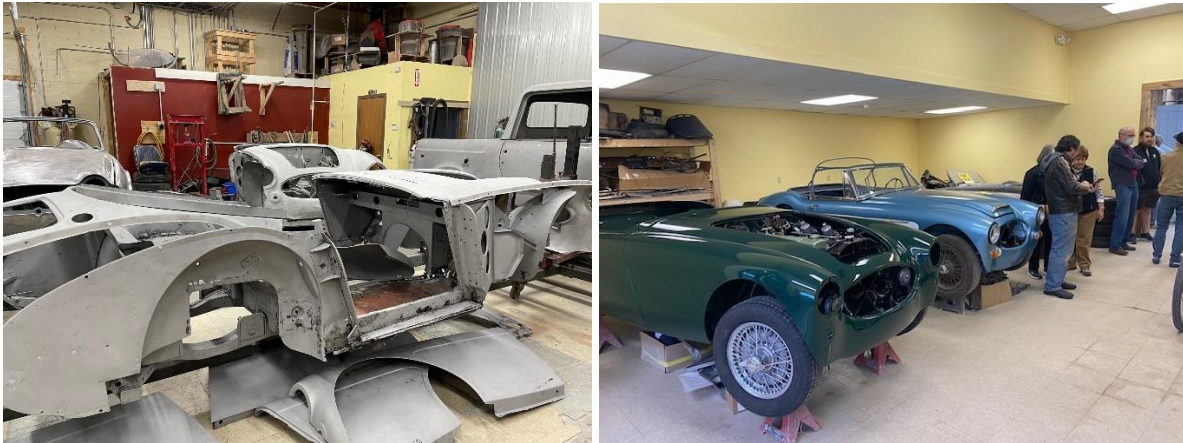

Mark your calendars and plan to attend this fun for everyone British car event. For updates, check our website at BMCNE.org. Register now at: [www.britishmotorcarsinbristol.com](http://www.britishmotorcarsinbristol.com)

# TECH SESSION at British Body and Coachworks, April 30th

Submitted by Bob Britton

More than 50 members of the AHC-NE and BCNH clubs showed up on a cool but sunny day in Fitzwilliam, NH to attend the Tech Session/ Open House hosted by Mark LeBlanc of British Body and Coachworks. Attendees enjoyed some hot coffee, apple cider, cider donuts and some delicious pies to sample. But it was the many cars that Mark has in his shop at various stages of restoration that caught everyone's attention. From almost two completed Big Healey's to a few skeleton Healey chassis, a TR4 waiting for primer and few other British cars in for some R&R, there was plenty for everyone to see.

After everyone spent time reviewing the cars in the shop Mark began his Tech Session on compounding and polishing paint. Mark first showed the various buffing pads he uses, and which machine works best for each application. He then reviewed the various compounds and polishes he uses from aggressive to mild applications

Mark then started to compound an old, weathered door from a Healey that may have been its original paint. After a few passes with his rotary buffer and aggressive compound the dull paint came to vivid life again. Mark next showed how to wet sand out imperfections in paint work before compounding and polishing. And finally, he moved on to a freshly wet sanded “boot” from a Healey to demonstrate the dual process of compounding and polishing to give

the paint its final luster. Mark mentioned a British car can take anywhere from 30 to 60 hours to wet sand, compound, and polish.

Everyone seemed to have enjoyed the Tech Session as well as viewing all the cars in his shop. Mark plans to hold another Tech Session and Open House in the fall so look for future details.

## Sand Dunes and Salty Air Tour May 4<sup>th</sup> & 5<sup>th</sup> Sandwich, MA

Nineteen members and guests participated in the Cape Cod Sand Dunes and Salty Air tour hosted by president and first lady Bruce and Jane Ketchen on May 4 and 5, 2022. Six members signed into the Sandwich Lodge on a chilly damp Wednesday afternoon and later enjoyed a dinner of traditional Cape fare at the warm and cozy Sagamore Inn.

Thursday morning brought bright sunshine and chilly temperatures for our meeting at the Cape Cod Canal Visitors Center and restrooms where the tour was to start and end. At 10:00 AM the tour departed for a ride along the historic Kings Highway to the first stop, the Sandwich State Fish Hatchery. Thousands of Rainbow and Brook trout were spending their final days at the hatchery before being transported to local ponds and rivers for the season. Next stop, Titcomb's Book Store. Titcomb's is a wonderful old independent bookstore with a selection of new and rare collector books and souvenirs with a cape connection. The tour continued meandering along the two-lane Kings Highway past many beautiful eighteenth and nineteenth century homes. The next stop was at Dowses Beach in Osterville where bright sun, sand dunes and salty air were at their Cape Cod best. At Osterville we enjoyed lunch at Wimpy's, famous for its Quahog Chowder and warm hospitality.

After lunch the tour continued along iconic cape back roads returning to the Canal Visitor's Center where participants viewed a film and exhibits about the building

and operation of the canal. Here we bid adieu to those heading home and returned with overnight guests to the lodge where a Margarita or two and some single malt were enjoyed before walking next door to dinner at a local pub. Think about joining the tour next year as this may become an annual event.
